Excellent book! Lavender can be soothing and relaxing while the coconut strengthens your skin. The instructions are simple and I've got all the ingredients which means this should be a fun project. The reserve says, "when using home made body butters and scrubs, not merely are you beautifying your skin layer;. Once I make it and put in a pretty jar and present it as something special, I think my Mom will enjoy it. This books offers you all the information you will need on how to get started making your own body scrubs and body butters. It offers you tips and lets you know the type of tools work greatest and well as many, many quality recipes! I'm excited to begin with! I think the initial body butter that I will make will be Coconut Lavender Body Butter." Homemade body scrubs and body butters can have magical impact on your body, mind and spirit. So far I'm approximately halfway thru this eBook. It is rather easy to make and just contains 4 ingredients: Coconut Oil; Jojoba oil; Lavender oil and a few drops of rose essential oil. It gives lots of insight into how to make body butters in the home using genuine and simple elements. It is so great to look gorgeous and have smooth and youthful looking skin when working with organic soap and lotion that is chemical free and therefore less dangerous. She's in her second semester of university and she's got a complete course load. I'm excited about starting this project. I'm so happy I downloaded this eBook. It is full of great ideas! Home made body butters. Looking forward to experimenting, This bundle rocks !! That being said I'd you are an absolute beginner this is prefect for you personally. Amazing! I bought it on a whim thinking I would check it out 'sometime' but I cannot wait to try several recipes!. It is a wonderful publication fully packed with all information required in making homemade soaps, lotion and shampoo. It is also a nice project related to my daughter when she's not occupied doing homework. The book has the required dishes and and how to go about when making the soaps and lotions. It is very clear and the procedures are well given. Great work of the writer. A fine read! For instance, panthenol solution must be purchased at an apothecary and isn't designed for purchase to get. And let me tell you, they are packed filled with great recipes and suggestions. Though I've just carried out a glance through the only real benefit I could see for me is that there are shampoo recipes which I haven't done yet. Great book! I love this book, although not what We was expecting. That was advertised as a couple of books, but it is usually a copulation of info divided into four sections. Nevertheless, full of good information. Three Stars boring but okay I bought this therefore i can make my mom some . I am extremely happy with this book.. Love this bundle! I love this bundle! Helpful Knowledge is wisdom Like this manual!! I would recommend this bundle of books. Directions are comprehensive and easy to follow with a good flow to them. I refer to it almost on a daily basis to keep myself knowledgeable on oils and amounts to buy/use.. I'm set for Christmas now SO MANY RECIPES!! This bundle is AWESOME! I'm set for Xmas now. I like the simple way that the author writes in obvious and concise way. Okay books Okay books but, better kinds out there. I experienced to learn through it all at once because I got so thrilled about the possibilities. The only update I'd day to include is explanations of certain ingredients and where they may be purchased. Great Reference Book Was expecting a set of books, however they took all of the best parts and put them in 1 book with 4 sections. Very informative this book is incredible ! with that they had something for newbies in it. This is an excellent book for anyone getting started in soap making This is a great book for anyone getting started in soap making. I'll upgrade my review when I've tried at least three of the quality recipes. great book for beginners We was excited that it was the books in a single and then when I got it was sad that's such a small book.. but you are also absorbing antioxidants, improving your skin's UV level of resistance, and stimulating your disease fighting capability just to name several benefits. I bought this so I

could make my mother someone Butter on her behalf Extremal Dry Skin
