We read the reviews. Enjoy the 200 page version <http://www.amazon.com/My-Daily-Journal-Colorful-Vector/dp/1519398204> Are you harnessing the energy of a journal? If you're going through life right now feeling like everything is out of control or that things are not happening how you planned, you need a journal. I don't. On a daily basis take the time to record your ideas morning and night time. The great thing in regards to a lined journal is you may make it into whatever you want. It gets it wet. You may want to maintain multiple journals. If you want to compose something down, a journal may be the tool you want. If you need to utilize it for more than only a notepad then keep reading.

**Benefits Of Keeping A Journal** Almost every successful person appears to have kept a journal in a single form or another. Achievement in this case isn't defined by cash but overall pleasure. Whether they known as it journaling doesn't. Clarity is Power. Your journal contains the answers to your most burning questions. It really is literally the best self-help book you can ever read. The ideal amount of honest terms that let you feel a sense of being free from negativity and energized with probability. It matters because they kept a record of their goals, success, failures, emotions and their daily life. Houses all of your million dollar concepts that normally get lost in all the noise of life. Exposes repeated patterns of behaviors that obtain you the outcomes you DON'T. If you value to type notes into your telephone all day transfer them to your journal after. Your journal is not a reason to turn yourself into an psychological punching handbag. It crash and lose everything you put into it like electronics (just like consumer electronics even though don't. A time timer, diary or a laptop for school, etc.) Regardless of how you use it getting into the daily habit of journaling has the potential to improve the grade of your life. Maybe simply something you doodle in. Another that contains all those fantastic tips, dreams and awesome goals.

**How To WORK WITH A journal** Let's biggest complications but unless you understand how to uncover those secrets they stay hidden aside in your terms. It could contain all the secrets to life's look at night simple fact you understand how to physically write in a journal and dig into how to actually use your journal. Allow words movement from the heart and be filled up with emotions, zero holdbacks. Make a daily journaling routine. It mean to end up being too direct, nonetheless it is time for you to discover why you feel how you do and figure out what to do about it. I want. Acts mainly because a bucket so that you can human brain dump in – Simply do it. a cluttered brain leads to a disorganized life. Revisits daily situations giving you a chance to consider it with a different perspective. Doesn't. Start small. You do not need to write a particular number of words. Are just some of the advantages of journaling are: Enables you to reflect on your life and the changes you are choosing to make or not make. Clarifies your thinking and as Tony Robbins says "If you write in your journal like somebody is going to browse it, you will ever allow you to ultimately fully express what must be expressed. Write like no-one will ever read it since it is likely no one ever will unless you desire them to. Write how you loved something, had been mad at somebody, wished something was different or anything you need to. Sit down in a quiet place and allow you to ultimately be judgement free. Start today writing in your journal. You can even put "Today I purchased this awesome journal and can recommend all my close friends do the same. One that contains your truest and most secret feelings that you guard seriously, but require a way to express. Wink Wink

I love the artwork on the front I like the artwork on leading, but We expected this to end up being much nicer. It's a paperback laptop that is only best for taking notes, not really journaling. It's mostly what I expected - a completely . Do not buy I actually thought this was going to be considered a substantial journal. I am looking for a journal, and won't use this, as it isn't long lasting at all. I wish I had read the evaluations before I ordered it. It's not even worth returning because the shipping will be almost the same as the price I paid for this. Four Stars It was okay... Disappointed that the cover is definitely flimsy Disappointed that the cover is normally flimsy. I acquired the reserve yesterday after 14 days after I ordered it, It had been flimsy rather than even worth the purchase price I paid. It should cost at least \$2 not \$6!. I could pick up something similar at . I'll give it to my children and purchase myself a hardcover journal. Wrong! It is not top quality. Description inaccurate Thin and paperback. Like the other reviews, it is flimsy. I didn't even think to read the evaluations for a journal, but I want I had go through them. Soft covered and flimsy. This is a flimsy little booklet....and read the reviews! When I found this book about Amazon, the way they had it shown was a heavy looking book. Five Stars Ideal for my doodling child!It has a glossy shine to it which diminishes the display quality.Huge disappointment.Add up to stuff you can find at dollar stores Not bad. I'd have anticipated it to be at least as solid as a laptop, but it's not... In fact it didn't condition it as soft covered either. It's mostly what I expected - a totally blank book with lined web pages so you can create stuff. The cover is nice, but I would have loved the cover to be made of thicker materials than solid paper. This notebook has the experience of a thick comic publication. I'm sure you can buy a notebook this big with a cover made from thicker materials at half the purchase price, but it wouldn't have a awesome looking cover. Three Stars Fundamentally a notebook, I thought it had been hard binded. Fundamentally used it for composing notes. Not worth the amount of money! I'm not sure I like the design given that I see it in person. .. It is not top quality. Not worth the money!. I thought it had been hard-covered although the description didn't condition it. Not bad. Was going to return it but since it shipped from the united kingdom I am not really spending anymore money onto it. Very disappointed.. It originated from overseas. Not worth the amount of money This is basically a little notebook. It's so small and the cover isn't what I was expecting. it's flimsy and the cover is similar to paperback. The customer states that this product ships from the USA. Very disappointed When I found this book about Amazon, just how . I think I'd rather have the print on a composition or spiral-bound, though. Have no idea how I overlooked the fact is is definitely a paperback journal. I could pick up something similar at the dollar shop. The notebook cover is too soft and easily bend. If you would like create something personal into .Soft covered and flimsy.. The notebook cover is too soft and easily bend. If you want write something personal into this then maybe pick different laptop with simple cover. Had someone unintentionally read some stuff involved with it because they believed it was an art journal. One Star I was disappointed that it was so thin. Five Stars My niece loved them.
