.you have to talk and ask questions before permitting them to in your hair. It offers ideas as well on how to be patient and await your locks to grow in normally. It's never a straightforward thing to hold back for something you truly want! My favorite chapter was the main one on hair care maintenance. Definitely a suggested book if you're ready to go for the big chop! it was a big chop but I lower near my scalp because I really wanted to start from the beginning..Many thanks for this My hair This is my 2 nd big chop. Great starter I wish I would've had this reserve when I chopped my hair off. Many thanks so much. I can really utilize the help. I discover that some f these steps I am currently taking..Choose the big chop!. My journey I Ann likely to definitely use this book for my information to help grow my hair...i possibly could have shaved it off but it was a spur of as soon as. I like the advice and tips she provides...and there's way too many horror tales about stylists messing up organic hair and in the book shes right. I want toss to start out over from medications taking my hair.. Great guide to building the plunge and developing your hair naturally...
