

Janet Murnaghan

Saving Sarah: One Mothers Battle Against the Health Care System to Save Her Daughters Life

[continue reading](#)

When her daughter desperately needed a lung transplant to endure, Janet Murnaghan rallied against the outdated limitations in healthcare that could limit her daughter's options. Keeping Sarah is a story of wish and courage, and a mother's determination to never give up. The condition quickly ravaged her lungs and little body bit-by-bit. Fragile and frail, she had just weeks to live, when her mom realized the truth of Sarah's circumstance: transplant laws, restricting usage of lungs based on arbitrary age restrictions, meant Sarah's options were limited. Janet transformed her pain and desperation right into a voice for Sarah and other kids using social media to broadcast the unfairness, that was robbing Sarah of her right to life with the help of friends and family who emerged while Sarah's army. The injustice of her daughter's fate spurred Janet to start a public fight against outdated health care regulations and a battle to save Sarah's life. How does a family navigate catastrophic disease and lifestyle in a medical center, while still preserving a feeling of normalcy? Sarah have been dying of cystic fibrosis because the day she was born. It's also the tale of what sort of family- Janet and her hubby Fran have four additional children- reacts and adjusts when one of its members is in ongoing crisis.

Worth the read!. The battle was really in the hospital, you start with the courage of Sarah. I am 100% sure that you'll find nothing worse than having a forever sick child. I have one. Certainly a book worth reading. Having been in the medical field for ten years and aspiring to become a nurse, this story drew me in. It requires everything I have to put one foot while watching other and obtain him well again. Then I read Sarah's story. I had watched the news headlines when Sarah's mom was fighting for her existence.! I kept thinking "Now there she is watching her kid die a slow death and now she has to fight a system that is and can happen.!" She do. This was a behind the scenes look of a family group desperate to save the youngster and their passion and determination to improve regulations so children (all children) could benefit. Talk about. They changed the laws within days, perhaps hours, of losing their child. This is a reserve that information a child's existence and the sheer will of a family who will move all ends to save lots of her. Amazing warrior child. Ridiculously amazing family. Browse. I just couldn't imagine how they achieved it but they did.! Remedy CF. I look forward to reading this book each day and I just allow myself to learn a couple of chapters at the same time because I don't want to buy to end. It is a classic inspirational story that presents you that anything is possible, and Sarah is normally living proof of that right now! Janet, Fran and Sarah Murnaghan bring you to their lives and tell the tale from each of their perspectives, as heart-wrenching and terrifying as it was. It really is powerful, psychological and honest. A genuine & fierce inspiration.!!! How does someone do that and in some way function? I simply could not put it down. I vividly remember this family members's horror story as they fought for the rightful lifestyle of their sweet woman.!! BUY & READ THIS INSPIRATIONAL BOOK! Inspiring. Compelling. Remarkable. We remember the news headlines coverage years ago - and the strength of the family members and little Sarah bravely fighting for her life. As doctors begin to indicate the worst case scenario is probable, your household by itself determine that there surely is an inequitable federal government donor policy making it nearly impossible for your child to obtain her life-saving transplant in time. You will feel like you know her. Think about your daughter's in a healthcare facility for months looking for a double lung transplant. What I didn't know are all the facts. Imagine you fight this with every ounce of your getting. Sarah is definitely a miracle! Saving Sarah may be the tale of Janet Murnaghan's fight on her behalf daughter's life, fighting the system to get her girl a lung transplant. Envision it is possible to beat the chances. With your precious daughter by your side, you tell your tale to the world. If you want a genuine account of what went on behind the scenes at CHOP when Sarah's parents had been fighting to obtain her on the adult transplant list, you will love this book. My husband plans to use it at school with his middle school classes discussing ethical dilemmas and getting awareness to both CF and organ donation. Donate life. A lesson for all.!! Grab a box of tissues. "Saving Sarah" was an intense knowledge. Reading about the incredible heartbreak, frustration and tension that this family was forced to endure brings a particular understanding to those folks who have not suffered such an awful event. The only thing that kept me going was that I understood it had a content ending! I acquired prayed and shared the injustice of everything.!! Janet was a LIONESS when it found fighting the bureaucracy for Sarah's life. It had been heartwarming to start to see the love and support she received from her family members, friends and the wonderful pro-bono lawyer and their perseverance to right an unbelievable wrong in the accessibility of transplant lungs for kids. Then there was beautiful little Sarah who refused to stop!! In succeeding for Sarah, they eventually succeeded in allowing additional children a better and well deserved chance to live. Many thanks God for the content ending!! They show that we can fight for what is right plus they did, not only for his

or her own, but for all of our children. I received my reserve at 5pm yesterday and finished it by 11:30!! I can't imagine what it had been like, no one should have to endure what they do. It is so essential to see how factors are perceived on the other hand, and the significance of stable, compassionate care. Be inspired with what the love of a kid can make you capable of and the way the better section of humanity may lift you up. Sarah Murnaghan wrote a sidebar for every chapter about what the knowledge was like from her perspective. And the facts are why is this story so exceptional and such a compelling examine. A Must Browse for Any Mother or father Raising a Medically Complex Kid This beautiful book explains the trials of raising a medically complex kid so well. I am thankful that Mrs. Kudos to Janet, Sarah and their whole team to make the impossible feasible and giving everyone in their shoes a voice and an amazing story to go with it.. Beautifully written! Janet tells the inspirational story of her fierce devotion to save her daughter. Not merely does the reader feel the psychological roller coaster experienced by Sarah's mother, dad, and her much loved aunts, however the reader also learns how this small ten year old girl grapples using what she knows might very well be the results of her serious disease should she not get yourself a lung transplant. The only reason you will place this book down would be to hug your own kids. A mother's struggle to save her child.. Due to her age, Sarah falls in a crack where she would not qualify for transplant of adult lungs. Instead of relax and do nothing, Karen, along with her friends and family, do their research to fight and obtain what Sarah must live. When my own son is ill, it feels as though the world is certainly crashing down. I hope I do not have to endure what Janet went through, but if I do I possibly could use a few of her advice. It is a must examine for anybody navigating the healthcare system alone. Murnaghan included information by the end for parents going right through identical ordeals regarding transplants. She offers you tips on where you can head to find information, whether where your child will get the best degree of care, to locating information involving particular transplants. Every mom should read this! This is essential read! I actually am a cystic fibrosis doctor, which is crucial read for almost all doctors, as well as for those who who has come in contact with the health care system, that is everybody. Honest, Heart-Warming This book is a full page turner! Also, in the media, the fight has centered on the courtroom about this case, but this is such a little section of what happened.. A wonderful read. The multiple factors of view are essential, and it weaves a gripping tale of wish, courage, and the energy of positive thinking and attitude. Incredible story with an unbelievable family Incredible book, We've recommended it to all or any my family and friends. HAPPY ENDING! I am the mom of a 13 calendar year outdated with Cystic Fibrosis who is a patient at CHOP. I received this reserve as a gift from my sister who is Sarah's step grandmother, Mimi, so I was already acquainted with this real life family drama. I had not been prepared, however, for how this book would pull me in and tug so hard at my center strings. The author's strategy of telling the story from different points of view adds so very much depth and insight. It is beautifully written, and getting the opportunity to get the full tale from Janet, Sarah and her family allowed the reader a greater picture of the like and devotion this family members has for just one another. A inspirational story This beautifully written story recounts the courageous battle Sarah and the entire Murnaghan family fought to save her life. We can all study from her, and the wonderful prose of this reserve. Kudos to the author for sharing her story. Beautiful story on the subject of love, preserverance, hope and faith Incredibly well written, love the different perspectives at key moments in time. Heart wrenching as it is center warming, it's a story about love, hope, faith and triumph against seemingly insurmountable odds. Inspiring. You'll hug your children just a little tighter tonight.

Inspirational The writer wrote about her battle to get her child the care she had a need to live in raw detail that made me feel personally connected to her and her child. The immeasurable lengths that a mother will head to save her kid are conveyed throughout this publication.
