I'm pleased. I have enjoyed additional coloring books even more, but this one continues to be good just not as good I acquired expected - it's very packed with detail, and I feel like I think it is more relaxing to get a more sparse layout. I do wish it acquired the inspirational phrases of some of the other coloring books I've seen at my local supermarket.. It is definitely designed for that meditative quality of coloring where you concentrate on coloring in very small leaves and spaces, without thinking too much about the finish product (completion), because it will take quite a long time. Very nice If you like the cover, you'll such as this book...packed with tiny details I liked this book. Five Stars Everything was alright no complaints Adult coloring book I'm savoring it, but wish the images weren't so very similar.. I like that idea that you focus on a theme while you color, if you are using coloring as a meditative practice too many leaves and grass!
