

The background of the entire page is a scenic landscape. In the foreground, the silhouettes of a man and a woman are seen sitting closely together on a wooden bench, looking out over a vast valley. The middle ground shows a wide, green valley with winding roads and patches of forest. In the background, there are rugged, snow-capped mountains under a sky with soft, colorful clouds in shades of blue, orange, and pink, suggesting a sunset or sunrise.

Not appropriate for a nursing home resident Not really what I expected, very little to the book and an excessive amount of "do you remember," etc... Perfect light, fun entertainment We were looking for some fun things to include with activities we were creating for little presents given to seniors and these pretty happy stories, poems, estimates and true to life experiences will certainly make anyone happy. When I want a pick me up and some entertainment, I grab this book. It includes poems and tales and photos that make you laugh, cry and remember. And this book does that. I am a senior help!., not really for the senior at all, in my opinion.. I have it near by, in my Kindle, on my home page. I was looking for short stories to read to my elderly mother, and this wasn't great for that purpose.to experience happy. Therefore, give yourself a treat and examine this. Or keep it close and grab it when you need a little bit of sunshine. Her tales are easily related to and evoke recollections.. Had planned to provide it to a nursing home resident, but it isn't appropriate since this person cannot remember much of anything in her past. This had some inappropriate poems I did not be expectant of for my elderly grandmother! Experienced to tear out a complete chapter. Disappointed Five Stars My residents are really enjoying hearing these tales and poems out loud Poems and stories which are an easy task to relate to Great assortment of poems and brief stories which will surely brighten a senior's day, and also the reader. This had some inappropriate poems I did so not expect for . Nicely done. lovely read bought meant for grandma, and she loves it Bad for seniors with memory issues It's a horrible publication for seniors if indeed they possess any memory issues whatsoever. A little strange Some of the stories are a little odd. It helps me to smile and. Don't waste your \$\$ on this book. I too bought this to read to my mom who has Alzheimer's. Easy to read or fun to hear. I am throwing the book in the trash. A book of light, brief "today" stories or some clean jokes would have been better. Very disappointed in the tales.
