For short tale books with 1 to 3 photos per chapter, look to her Level 3 books. If your loved one is offended by being given children's reserve or finds heavy, hard-cover books difficult to hold, this is actually the answer. With the purpose of providing visually interesting books that boost self-esteem and pride in book ownership, there are no words on the cover or inside that point out this is geared for seniors, adults with reading problems, Alzheimer's patients or additional. With the needs of the senior in mind, this picture publication is a square 8.5 x 8. The ultimate page lists picture/artist credits. The reader will enjoy looking at blossoms of each color in window boxes of every design thought feasible. Photos of wonderful flowered window boxes from all over the world give a unique picture on the change of every page. Each gorgeous high quality (300 DPI) photo was carefully selected to evoke peace, beauty, calm and a sense of marvel. With 45 huge photos (93 total web page count) in shiny, vivid full-color, a senior will see joy in 'reading' this publication over and over. This is a Level 1 publication.5 soft cover book (ideal for holding) with vivid, full-color photographs, located only on the right side (to provide visual stimulation without causing someone to feel overwhelmed). Please be aware: The only script is whatever should be legally included: Name page (that will not mention that is geared for seniors), copyright and ISBN. If you are searching for picture books for seniors that do include some captions, please look to Emma Rose Sparrow's Level 2 books. This is one of a number of picture books for seniors with no text, specifically formatted for individuals who enjoy searching through a book yet have a problem with reading.

Gave as something special I bought this as a gift and it had been well received and loved. Who doesn't love blooms? My nana loved this book a whole lot, and hasn't actually mentioned how simple it is. Three Stars I was expecting more of a number of flowers. Even though she still has the capacity to read, I believe this picture reserve leaves some space for the creativity and I think that's an excellent activity to help with her dementia! Fresh way to read This book does not have any text but many bright pictures of a variety of windows with flowers. It doesn't feel like words are missing at all.
