Photos of endearing mom and child animals within their natural habitats from around the world provide a unique scene on the turn of every page. With the purpose of providing visually appealing books that increase self-esteem and satisfaction in book ownership, there are no terms on the cover or inside that point out that is geared for seniors, adults with reading troubles, Alzheimer's patients or various other. If your beloved is offended when you are given children's reserve or finds heavy, hard-cover books challenging to hold, this is the solution. If you are searching for picture books for seniors that perform include some captions, please look to Emma Rose Sparrow's Level 2 books. Each beautiful high quality (300 DPI) image was carefully selected to be evoke beauty, calm, pleasure and a sense of wonder.5 soft cover book (perfect for holding) with vivid, full-color photographs, located only on the proper side (to supply visual stimulation without causing one to feel overwhelmed).5 x 8. That is one of a series of picture books for seniors with no text, specifically formatted for those who enjoy looking through a book yet have a problem with reading. From birds, to bears, tropical monkeys to elephants; each is definitely endearing and delightful. With 45 huge photos (93 total web page count) in shiny, vivid full-color, a senior will see joy in 'reading' this publication over and over. Please be aware: The only real script is whatever must be legally included: Title page (that does not mention that is for seniors), copyright and ISBN. The final page lists image/artist credits. This is a Level 1 publication. With the requirements of the senior in mind, this picture publication of amazing pets is a square 8. For short story books with 1 to 3 photos per chapter, look to her Level 3 books.

Two things which could make it better is always to own it in hardcover compared to that it is more durable also to possess one sentence below each picture. Excellent Gift This was a gift. Even a foreign-born American was happily speaking in her native vocabulary. I've tried reading numerous kinds of books including poetry with little success until today when I presented this book. Rapidly I had the eye of most four women within their activity area. They soon had been smiling, chuckling, pointing and chatting. I am a resident of an assisted living facility and I love to visit occupants in the secure area. I will be ordering more. Five Stars Mother will like this as a mother days gift. I love that it doesn't mention dementia ... Very nice reserve. I love that it generally does not mention dementia or memory impairment on it. The Splendor of Mother & It is a beautiful publication, though. A few of the photos had been a bit problematic for her to see. This is a beautiful book, though My mother has dementia, but also has failing eyesight. Very nice book. recipient just loves it. Child Animals I normally don't take time to review but this publication made this impression that I felt I should share... A Gift It was a gift and she loved it... Five Stars Whole series is excellent Respectful and fun for advanced dementia My friend enjoyed considering animals. Ideal for her
