Nice read Always had a like for the french style. 95% Of this book is about how to use Epsom salts! The books showed some good tips and thats why i enjoyed it Terrible book!! Four Stars I loved this a lot. My favorite An extremely fun book and actually has advice.! Beauty Secrets.. Universal Style &!!. Over fifty percent the book is filled with Epsom salt recipes!! !!! Scam, 99% of publication is about Epsom salts!! ??? Great tips! I noticed when i visited paris that all the people had good fashion thats why I needed to read this book. Extremely misleading book, even for \$2.99 it is a very dishonest waste of money! But, it really is nice to go over everything and get a reminder of ways I can switch up my day to day routine or look. Like maybe 3 pages about French style then web pages and chapters upon chapter of various ways to make use of Epsom salts as though that is the answer to any problem you might encounter in life, use Epsom salts!! With such striking attention to information, it qualifies to become an incredible read for everyone obsessed with french fashion. There are also some great beauty secrets to combine together with your French Chic look to really help give you a great look. Great tips . Fantastic book with some brilliant tips on how to apply a French Fashionable feel to your wardrobe without breaking the lender. There are also some great beauty secrets to mix together with your French Chic look to really help offer you a great look. Coupled with some Olive oil later on for moisturizing... This is exactly what ageless skin is about! The title is definitely misleading! A MUST HAVE! Nice book! 'Bon Chic, Bon Genre' means Good Style= POSITIVE ATTITUDE. I love it! This book is charming and is quite well written. I'd highly recommend this read!!!! I am a designer and I was looking for some inspiration related to French fashion and couture. This book totally resided up to my anticipations. Fantastic book with some excellent tips about how to apply a French Chic feel to your wardrobe without breaking the bank. Loved it! This book has many beauty secrets! This book has many beauty secrets! Not just from any particular lifestyle. I've personally used a few of these rejuvenating quality recipes time and time again with phenomenal results. These are the best kept secrets to the stunning European Skin! Not much french here This is a book that alludes to french style before on to giving you a large number of use for Epsom salts, even in your yard and for grass. Tres Chic! This book sort of reminds me of Lauren Conrad's 'Beauty' Book however the fashion side of it. As somebody who is starting from 0 when it comes to fashion sense I feel I learned a whole lot about the do's and dont's -- and who wouldn't wish to be a stylish as a french young lady!? Great read This was a fantastic and informative read. I have always been interested in learning about the different fashion styles the French have and this book provided that opportunity. I am presently traveling to France and this would be some great knowledge to have beforehand. It is a must have in your style library.! This was never what I expected.. Terrible . I'm uncertain that the "secrets" in this book are really secrets at all. Everything appears like common understanding and is universal advice--not just "French" design and beauty. Shame on you Amazon for allowing this scam to be offered on your website! It's? value for money. Whether you have a lot of fashion sense or hardly any, this book gives a lot of useful information that's very practical and useful. It is easy to follow and understand.! Useful information for someone who is into fashion.
