It really is similar to a "First 3 YEARS" baby book for a grandparent. Very sweet present to my mother from my son.. With that said, I am moving it to friends that simply became first time grandparents, and I'm sure they'll love it! This cute little Q &. And it had been a big one. Considering the prompts, it wasn't what I had expected. Instead of being a storage keeper of the grandparents' existence, each prompt was directed toward the grandparent in relation to the grandchild. Prompts included such things as:To whom perform you showcase photos of your grandchild? I've 8 so it's very difficult to answer the majority of the questions about all 8 of them. Its an enjoyable experience capsule.What does your grandchild's winter coating look like?This was not at all what I was expecting." I really like this idea because I believe it is a straightforward and natural method to document the relationship between grandparent and grandchild. I'd much favour questions geared toward who the grandparent is really as a person. The journal quality was gorgeous, the size was ideal, and it's a cute little gift book.
