A reserve that speaks to my soul ! Good ways to help with my daughters hair. I purchased it for something special and I want to keep it. Book was okay informative for what. Exactly what I wished for! I feel like she actually is reading my mind when it comes to the afro struggles and sprinkling me with angel dust when posting encouragement on how best to maintain these tresses. My hair broke, grew, was greasy and many combinations didn't work. I've returned to a dark and beautiful England where I am viewing more examples of luscious very long locks and LuLu's Book delivers the proof how successful our manes can be. Her practical and an easy task to follow actions on hair care deliver us from going astray. Dax, Sta-Sa Fro you name it – all melted my hands. Just what a refreshing and honest antidote to all things HAIR. Thank God I will get to possess a kid who may have an improved success story then my early years. She is relatable and clever, ESSENTIAL READ. Love it. The best book I've seen to comprehend kinky hair and how . Here are the tools, now go have fun with your child doing hair!. The best book I've seen to understand kinky hair and how exactly to care for it. Easy-to-browse format and motivational in helping you appreciate natural hair and want to build up the very best maintenance routine it is possible to for its healthy growth.. As an individual father I came across this book to be a good first reserve on hair look after my daughter It is well crafted and an easy go through. Helped me to boost many stuff I have already been doing and also to understand items better. You will not find the detailed step-by-step pictured sections anywhere else. Four Stars Very easy and informative reading with accompanying images makes this reserve a worthy and satisfying purchase. This has been a great starting point for me. I am going to continue my reading on in this subject with an increase of advanced books. Five Stars Veryl informal. Soothing was the only cure never to breaking a toothcomb or working from any family members who came close. I wanted it for. How to look after childrens hair. Oh the pain! Moisture & Type 4 Hair is Beautiful! Hardly ever give up happiness for baby This book is richly informative and well crafted. I can now consider the ingredients of locks care products and understand the function of the substances. Still, I'd complement the initial knowledge here with suggestions from women who've struggled with and tamed their beautiful coils. As a publication about type 4 locks, it is the best book about them anywhere. This book sticks out from a great many other books on natural locks in that it is certainly designed for parents of children of different age range. My favorites are "Organic Hair Real Talk" by Jacquetta Daye and "The Natural Locks Handbook" by Shawntay Jones.- Disregard the person fighting type 4 hair who refuses to research more and brings others down because they're discouraged. By no means give up on joy in your skin layer. And never give up on your child. Not any new information same old stuff. This book is not anything new. So long as you have kinky hair it will permanently break and stay dry. I am doing all of theses things currently without good results. I give up. I thought there have been new techniques to growing the hair and keeping it healthful. The best! Seal the correct way Appreciate the book. I had a need to understand the difference between oil & hair moisturizer which comes first. Protective styles for girls with no hair. All my daughter hair fell out due to cradle cap. Good book!! There is a whole lot of information given that I hardly ever considered when it came to my daughters hair Perfect for beginning hair journies Fantastically detailed and incredibly informative. I'm a 90's kid and I was raised in an period where my Mum was a busy working mum (who could only do hair bumps) and a hot comb was an operating tool of hell. Great for starting natural hair journeys
