Enjoyable, easy read. Thank you Pete for posting your story.. Although most of us have not experienced this exact experience, we can all relate to the illness and/or loss of someone you care about and also the need for as an advocate for family when they can't speak up for themselves. Many thanks for sharing Pete. Many thanks for sharing your tale! Thank you for having the strength to share and providing me the hope that maybe some day I'll be able to do the same. This family's experience offers helped while my family is going through a similar experience with my very own grandmother. Be prepared for tears as you read how this family members stuck together through some of the toughest occasions a family group can experience. Being a registered nurse, I must say i enjoyed the feelings and emotions from the side of the families of sick patients especially as they are dealing with dropping their parents. I cannot express how much it offers helped my family. A difficult journey through lack of a remarkably strong and witty girl, Mom, grandmother & Accurate story of the increased loss of a loved on This story is told with vulnerability and raw emotion.. A difficult journey through lack of a remarkably strong and . wife and a story about how a strong family who stuck collectively through it all, heartbreaking yet extremely hopeful. It reminds me greatly of my story with the loss of my father in which I keep most of it hidden. A beautiful tale of a family going through a trying time with medical concerns and issues. Touched my heart Excellent writing of a experience that effects kinds soul. Heart breaking account of losing someone you care about Heart-breaking, yet incredibly hopeful story of the procedure of losing a loved one and our relationship with this parents and siblings.
