" I love this coloring book! Container in perfect shape I purchased this publication to give as a gift. Books found its way to excellent condition. Container in perfect shape. I was getting thrilled as I was opening it up. I started browsing the books and fell immediately in like. The phrases were so funny. Some I haven't heard in an exceedingly long time. I use swear words, but not the nasty types in some of these other books (and I'm not talking about the F bomb). It offers you the choice to use bright, radiant colors, like gel pens or markers, which will stand out more than coloured pencils. I recommend this reserve for older adults who do not actually swear.
