Thank you Sarah for this inspiring, positive book to greatly help cope during this trying time. This is another great offering by the talented Sarah Renae Clark. The theme of this book can be positive affirmations about coping with cancer. Thank you Sarah!.. I know that as a color enthusiast who uses coloring to alleviate stress and maintain my hands busy to control food problems, I sure want I had got this book when I was being treated for breast cancer, just a few months after losing my hubby to cancer. Great book. The pages are all single sided and have their very own border, making it easy for you to eliminate the webpages from the book without damaging the photos. You can feel the love pouring from this book. Just what a try inspiring coloring book and lady the writer is. Awesome motivator. I am a counselor and also have give some of the pages to customers to color the positive communications. Most of Sarah's work is very professional, unique and fun to color and her books always have her own initial artwork. A lot of the inspirational phrases can apply to virtually any situation life can toss at you not only cancer therefore don't feel just like you're bound by buying for somebody with tumor it's for anyone and everyone with so much love put into page you can feel it as you turn the pages. Can't wait to find what is next from Sarah Renae Clark i fell deeply in love with this publication sarah did an amazing job on . I wish We had it earlier I wish I had this book 6-9 months earlier when going right through chemo-therapy.. i fell in love with this book sarah did an amazing job on this one. even though you dont have tumor its a great publication. I advocate for childhood cancer and this book simply touched my center these little children say each one of these webpages.. It still is good to color and some of the webpages are in fact universal. I would recommend all of her books, several others which likewise have extremely inspiring topics and themes. Nice way to work through some of the emotions I still have.. I instantly purchased this for a pal who is going . Thank you so much for offering this great support for our community! Five Stars A wonderful adult colouring book beautiful amazing book highly recommended Great book. Amazing book.. The backgrounds of the pictures are all different styles, some abstract, some line-type drawings, some with fairly flowers - something to make sure you everyone. Go to Amazon's general review of this book to see the history behind Sarah's making of Coloring Through Cancer. Great design on heavy paper so color doesn't bleed through . I immediately purchased this for a friend who is going right through another Cancer analysis and treatment.. for not only inspiration but also for bringing the fun of coloring back to my life Coloring for adults-thanks intended for not only inspiration but also for getting the fun of coloring back into my life. I feel like a carefree kid again. It can help me to spotlight the picture rather than on my cancer.any one who loves coloring will love this one... any one who loves coloring will love this one Positive thinking oozing from the pages. Especially someone with dealing with cancer. Nice design on thick paper therefore color . Worth every cent. Terrific book for cancer survivors along with other people who desire inspirational estimates. As a therapist, I came across this book useful with clients. You will never find stock pictures in any her books! Helped me through my bout with tongue . Making the Journey a Bit Easier I have been identified as having stage IV lung tumor that has metastasized to my human brain and I have turned to coloring for relaxation and encouragement.. Awesome motivator. Helped me through my bout with tongue malignancy. I love Coloring Through Tumor by Sarah Renae Clark since it is specifically geared toward those folks who are going through this hard journey and it offers wonderful, supportive thoughts as well as beautiful photos to color. The affirmations in the middle of the pages are all different sayings to help anyone going right through cancer or a person who is definitely coping with a loved one having cancer, to help have a positive attitude during this trying time... She has Lynch Syndrome this means cancers

can "pop-up" anywhere, anytime - and it's not because it's metastatic. She's s dear friend. I sent her a couple of coloring webpages and colord pencils with her last medical diagnosis and she stated it helped so I wanted her to possess these webpages with the encouraging statements.
