..Great source material for all those that practice the energetic cultivation . Great source material for all those that practice the energetic cultivation of the lower elixir field or Dan Tian. A lot information to digest Five Stars an excellent manual Nice This is a nice reserve. This book covers lots of foundational material of Embryonic Inhaling and exhaling. It a wonderful teaching, is an important teaching for any student of inner development. Mr. This practice is the core and basis for many sects and procedures such as for example Mo Pai, Long Guys Pai, marrow washing, and internal boxing arts. Unveiled insights in to the goals and techniques of Taoist enlightenment practices This is a fantastic writing offering rare insight into immortality practices, which are rarely explained, and virtually never written of in unveiled language. Olson does a great job adding to the core material of the book. I would respectfully claim that the practice of the embryonic breathing technique be achieved under the guidance of a qualified teacher.. Four Stars Still working on this book. The foundation of the reserve is a brief 9 verse text message on Embryonic Inhaling and exhaling and its commentary attributed to scholar and Taoist priest of the Dragon Gate Sect. Five Stars Great Five Stars Good book
