I wanted a 3 column book for 3 different stylist on one page. It is NOT sparkly, and its own in military time! Not impressed Not what a normal salon uses and great price!..Ideal for beginners Not what I wanted.Great appointment book!...Great for a solo stylist not me personally. Does what it's likely to It's a great little appointment publication! I don't believe this paperback design will endure long maybe if it had been a vinyl covering and spiral notebook form. It's not sparkling with glitter in the event that's what you are considering, its only a black white and pink splatter style. I don't care very much for the military time and tiny margins purchase it's still good and serves my purposes. Not for me. Actually cute , and great price ! Not as it seems! I will have read reviews. Great, neat and MANUFACTURED IN THE USA!! Five Stars Good to hold appointments straight and write in memo's about each client.!A must return!
