drink a sit down elsewhere and color the many beautiful pictures. I really like the styles in this book. I am in love with coffee I am deeply in love with espresso. This made an ideal Christmas gift for a espresso lover! I usually like to remove the web page I'm coloring so I can turn it as I color. The pages in this reserve are hard to tear out. ? I actually love doing a little bit of this book while I beverage coffee in the mornings. Excellent book! Otherwise, I like the artwork and I am hoping the artist generates more designs. She liked this gift very much Bought for a pal who loves espresso. Sturdy paper, markers don't bleed through. Quality product. Great book for espresso lovers Great book as a gift for a coffee lover. All that being said, I recognize that is a self-published publication by an artist whose working hard to market her art.! Lots of pages!! Highly Recommend Beautiful artwork, sometimes before you color. She liked this gift very much. Good quality and price. Good Gift Something special for a espresso loving friend Five Stars Great coloring book for espresso lovers!!! There are many really pictures for certain. So this is the perfect coloring publication for me personally. My new morning regimen.. Exactly as expected Excellent gift So cute Super cute with lots of fun pictures to color.Nice artwork, thin pages. These were the only items I didn't like.. Downsides of the books are: the pages are thin, plus they aren't perforated at the edges for easy tear out.
