Good book Purchased this recently. Its an excellent reading book.. Water is the greatest! This book has great recipes and they taste great too. Like this book. good recipe book Has recipes for smaller sized containers, not just pitchers. recipient liked it Five Stars This book gave me a headstart to drink much more water! Great compliment to infuser gift Bought to go along with infuser pitcher... The thing that I could say that is negative may be the delayed currier dropping off the publication which was due to bad weather. I like the types I've tried up to now.!!! Yummy ideas and recipes but zero colorful pictures inside. Great recipes!! Five Stars I love it Five Stars It is great.
