I REALLY LIKE Yummy Fruits! It is usually great to have more books targeted to health for kids especially since we've so many TV advertisements geared toward junk food. Good read for newbies. Check this reserve out to see so many interesting fruits! I love fruits Yummy :) never tried each one of these fruits . I love when we find photos that draw you in.. She lists the a-z of fruits, and photographs fruits I've never heard of. Did you find out there have been so many forms of fruit? Ms. Kiyani explores them from A to Z, teaching you as well as your child to identify some very unique fruits. She includes pictures of children so that yours can relate.I'll order more as something special for my childrens' college library. Nabila has selected some favorites of mine and some unknown fruits if you ask me as well.. What a great publication for young children who are unsure if indeed they would like to eat certain fruits.. What a great book for young children who are unsure if they . I will have to find them now! I certainly recommend this book should you have a picky eater in the home or if you are looking for a fun book to read together with your littles. Trecy C Marr,INHC and Author of "Wake Pray Eat Do it again" beautifully photographed, Nabila's inspiration would be to teach children just ... Written for kids, beautifully photographed, Nabila's inspiration would be to teach children precisely how yummy fruits are as an alternative to junk foods. Did you know there were so many cool fruits? I love teaching kids how to eat healthy. I can just imagine little boys wanting to try it. This publication is something my 4 year old grandson would love. Enjoy it together with your little ones. Many thanks for helping children understand the goodness of real food .Certainly a read for kids. My favorite may be the ugli fruit. This book is a great resource for young children to encourage healthy eating.
