That is a Godsend! This book is excellent! Very useful. All of your queries answered in this workbook information!). From selling your house to helping you decide what things to toss, hold, donate or sell along with how to hold your documents safe through the moving procedure (I would have never thought about that! The eBook carries a link to where one can get helpful forms to help keep you organized. The book in fact contains them. Taking issues step by step, the author guides you through everything you need to think about. Thursday's Downsizing Planner for Seniors (By Philip Baker) Exceptional choice for my downsizing needs. An extremely recommended book! Love all the illustrations of templates, very useful. This version does not have the forms promised on the cover. Needed Advice and Preparing Guides I need to begin the process of downsizing and there's a lot of great information in this set of books. Easy to Understand. I accidentally found this planner when we were looking for books on downsizing, etc. I ordered it considering "oh well. If it helps great." Desire I had ordered it earlier! Baker offers you a nice step-by-step guide filled with questions to consider along with some inspirational quotes from Thoreau!99 I bought the Kindle edition for \$. I recommend this product. It is a great, easy to read, easy to adhere to planner. The worksheets are easy to follow and it has a lot of items I have not even thought of in my situation. waste of \$. Highly organized information for anyone! I actually am currently downsizing and found this book to be very helpful, especially with the lists and worksheets. (In the event that you choose the Kindle version you can download the worksheets. I highly recommend this readable and an easy task to understand book. euphemistically known as the planner. Not most of the info on assets is current. I desire I had this reserve when my mom was alive. He provides useful worksheets to keep you on the right track as well. Placing the whole downsizing idea in perspective for the whole family. 10 minute read... Thank you, Amazon, for offering such an excellent self-help book. Needless to say, a few of what in the reserve doesn't apply to my situation however the majority does.99 and feel that I overpaid. You'll find nothing that could not have been found free on the web, amid quotes from Thoreau. Also amazing listing of websites for assets. We are downsizing in place but still used some ideas.. Very Helpful Source for Downsizing! You get tiny versions of the forms that, again, I truly believe you could see on a blog post about moving. Details is in a straightforward format. How big is text to distribute to my clients. A resourceful book Informative and helpful information, love the check lists! Researching the procedure and I'm impressed with this book, I'm beginning a senior downsizing company and sense this is a valuable resource. A great reference Plenty of ideas for moving.. Good workbook. Thoroughly researched and an easy task to follow, this book will probably help you if you need to downsize but are feeling overwhelmed with the tasks involved. Mostly work sheets that could be helpful. Not absolutely all the information on resources is definitely current such as spot to get military records. Several typos.
