Revised using input from our current textbook users and the knowledge of the National Association of Barber Boards, the textbook and corresponding health supplements, also revised, are designed to better prepare your students for condition licensing exams and effective professions in the professional marketplace. This revised edition is completely updated in both theory and the practice of barber-styling and brings you the latest in men's haircutting and styling, together with the most current information on barbering tools and implements. A larger variety of multicultural cuts and designs are used throughout to reflect the range of clientele students may services throughout their professional career.

Not really. I purchased this book because I'd like to learn to cut basic haircut at home without likely to beauty school. I figured maybe this book has a step by step methods from comb and scissor to clippers...Class textbook? Useful for the cosmetology college student. But besides that this book is okay for general lesson of barbering.not what I was looking for..I wanted book that would show me what type of haircuts and it's step by step process and ways to accomplish such haircut.. So pleased to have found a copy of this barbering book So happy to have found a duplicate of this barbering book. I came across a better price right here than around had been I live. Five Stars best for cosmetology student or simply home cutting use. Great book!! I like it! Five Stars good Seems like an excellent textbook Seems like a great textbook. It helped understand a lot What i need to know. That it is a textbook that described general terminology of hair cutting process. Five Stars really good textbook gift This item was a gift for a pal starting barber school. It's in great form and can help when studying for the state exams. ++ Very helpful
