Milady's Illustrated Cosmetology Dictionary

[continue reading](#)

Milady's Illustrated Cosmetology Dictionary, 2nd Edition, is an excellent guide for college students and professionals alike. A lot more than 30 charts and tables contained in the appendix make this the most comprehensive reference available for the cosmetology market. This totally updated dictionary contains 150 drawings that help illustrate key terms and a "sounds-like" format that eliminates the challenge posed by hard-to-pronounce phrases. Approximately 4,000 clearly and concisely defined terms are available in this revised A to Z reference, with content popular in cosmetology, dermatology, esthetics, hair structure and chemistry, nail technology, nutrition, color, and therapeutic massage.
