Milady's Standard Comprehensive Training for Estheticians

s Standard System of Salon Skills: Skin Care provides students with insurance of all the basic esthetic abilities, but also expands into advanced methods and the most recent products and apparatus in the skin care and attention field.This premier edition of Milady? This fresh system keeps speed with the booming esthetics industry providing the theoretical, practical, and essential details every skin care professoinal needs to succeed. This extensive, easy-to-understand resource is suitable for 600 to 1200-hour programs with special emphasis on providing estheticians with the communication, business, and retailing skills essential to their career. Each chapter is written by an industry expert, with step-by-step technicals clearly depicted through photos and illustrations-many of which are also featured on the 12-tape Video Library.

Milady Books are Outstanding You will actually learn a whole lot of details about esthetics generally. I was pleasantly surprised with my buy of the older edition book. I purchased it for reference in fact it is in great condition! great buy great information Perfect I'm heading back to skincare after a 5 year break. Came in great condition. Great learning tool If you are searching for an excellent text book this is it easy to find the thing you need ,written very well brand new condition excellent doing buisness ! Very comprehensive! Five Stars I'm so content I got this textbook. It offers lots of good info in it! Five Stars Excellent looking forward to ordering more Milady's schooling books. Offers the right insight and techniques for various procedures. Offers some good insight and techniques for various procedures Very interesting book! This is a great refresher. As advertised. Item was seeing that advertised.
