I may keep it after the class ends. Using the rental portion of Amazon has sure saved me personally tons, I mean the big bucks for my college kid. I wish I had known about any of it in time to have the instructors version through school. Rented this pertaining to a class and it came in perfectly acceptable used state and it's really pretty informative though it glosses over several pretty influential periods popular history or combined many decades right into a one chapter of info. I am widow and was concerned about how I would buy those expensive books, i quickly learned about RENTING. Five Stars Needed the book designed for school so no complaints!. Five Stars Love this publication! I don't find it so awful for the reason that it lacks bunches of vibrant prints- heck, if all the drawings had been colorized this book will be a very expensive resource. This book is an excellent and detailed source on costumes through the ages. Uncertain why others reviews certainly are a bit severe onto it, but I am a lot more than pleased. Excellent Study Information! I'm a straightforward person, and I'm very pleased with the entire book. The layout is clearer plus some of the images are better. It's a good comprehensive text book too. The context of fashion as history works well to engage budding directors and designers in viewing clothing because the extension of characters within any particular time frame. One Star A whole lot missing paper and pictures Perfectly acceptable. I thought it had been "required" to upgrade from the pink-covered version +/- 2005. The layout is clearer plus some of the images are better. That's really it and I would've been fine with my older version.. This is a great I love this book I love this book, I take advantage of it as my teaching source for my Style History class in our theatre and film section. you will NOT be disappointed There is no comparison with any book out there. If you are a costumer, reenactor, or history buff you should have this on your own shelf, period. Excellent educational-university resource Very comprehensive and detailed. A huge amount of function went into this book. Excellent educational-university resource. Requires a little more on accessories and more pictures of objects within museum or private collections for reference Good textbook. Worth keeping It took a minute to get here however when it did arrive it was as expected. That's actually it and I would've been great .USING Leasing BOOKS IS A Lifestyle SAVER! Had to repair book myself Cover was falling aside when I acquired the book. I repaired it myself therefore the harm couldn't be any more severe nonetheless it took lots of work. The publication also experienced highlighting in it nonetheless it was very minimal and just hokey details was highlighted. I desire I had usage of even more of the interactive materials.! It has a good vocabulary section for fashion terminology and my learners enjoy the references from historic time periods that influenced contemporary fashion pieces. Amazing and informed Amazing and educated. Originally I was only renting this for a class but by enough time the program was done I couldn't justify sending it back. I only hope I'll find a similar function exploring eastern dress.
