Interesting reading and inspirational! Add it to the blend. Extremely interesting, giving information regarding how the idea began and just what a bunch of them look like." Many testimonials about how exactly the libraries began and how it is going. I proceeded to go up to the post, not to mention, it was a Little Free Library. I acquired no idea what it had been said to be, and believed the home owners just had a lovely idea. I QUICKLY noticed the LFL website on a post at the top, and looked it up as soon as I arrived home. I was flabbergasted to learn about this phenomenon, and was shocked at just how many there were around the world. Chapter 2 is titled, "BEGIN. I sensed like I was living under a rock. I looked up all of the libraries in San Diego (there are well over fifty), plus others in LA and Northern California. Therefore many great tips - using most of them for our little free of charge library! Very nice product. I really like the fact that folks are still reading. She adores it and has discovered a design she desires me to build Lots of fun! How fantastic to learn that these libraries are there for all neighborhoods, and just what a tremendous method to encourage everyone to learn. Plus, the imagination proven in building these libraries is incredible. One of my favorites in San Diego is at a residence on the seaside. The homeowners place a cooler on a post, and put almost all their books in the cooler. What a great mix of environment and creativity. I love another one where in fact the library can be in the shape of a Spanish mission (we have a lot of them in California), with just a little bell at the top, and doors made out of real wood, with handles of wrought iron. It looks like a real mission was simply shrunk down. I simply received the publication today, and already love it. Creative ideas and fun photos. THE TINY Free Libraries restore my faith in humanity. Wonderful book on the subject of these small libraries around the united states. Buy the book--it will make you happy. An engaging, well-designed book Quoting from the book's Introduction, "JUST A LITTLE Free Library is a package of books, posted within an accessible spot, often in a residential yard close to a sidewalk. Everyone who passes by is normally welcome to avoid and see the books that fill up the microlibrary. Find something you like? Consider it home. Have a book to share? Here's my "little story": This past year, I was going for walks in my own hometown of NORTH PARK, CA." That is an engaging reserve that addresses the annals of Little Free Libraries along with how to begin, grow, and maintain one in town. Do I love the book and I've a LFL also in my own yard. The book is quite smartly designed, making effective use of a combined mix of text, interviews, sidebars, quotes, and pictures -- a whole load of pictures. The creation quality is great. It's printed on fairly heavy stock, in america, by the nonprofit Coffee House Press. FIND OUT ABOUT Little Free Libraries This book is a compendium of little free libraries and how to make them and keep them going. I discovered a cul-de-sac, and saw a tall white post with a cute purple door, and a white Adirondack chair next to it. I am an avid,

voracious, reader and had never heard of the tiny Free Libraries. Launching a Little Free of charge Library. I hadn't a clue what it had been, but thought it was the most adorable scene. Chapter 6, "Make it Work," is a bit about the difficulties that some publication stewards experienced. Proves That there surely is Still Hope for Humanity! I've a LFL of my own and I have already been rejuvenated with fresh ideas. Even though you don't have, or don't plan to have, one in your neighborhood, it's still an advisable read, if merely to illustrate and inspire a sense of community. L..I love getting free books for it from folks that come and visit to have a publication to collect and read Five Stars Love this book! Right now it's my objective to visit as many as I can. Worth the price Beautiful photos of Little Free Libraries on the planet. I am a new LFL steward; that is a great visible to encourage others how to begin. Nicely done with good background info. The stories and pictures will delight you, as will the message of the significance of reading. Little Libraries Revealed! Sorry for the long review, but I possibly could write about these all day. Everything you want to know concerning this great movement to market reading in your neighborhood Everything you need to know about this great movement to promote reading in your neighborhood. but this book has to come back to me. It is ideal for ideas Just what we were looking for. My daughter does this for her Silver award for gal scouts and we were hunting for different examples. I am to 40 up to now (I will have written my own publication), and have many more to go, in various other states and countries, as well. Very nice product. An Interesting Book About An Interesting Subject For those interested in Little Free Lending Library and how it had become, then this is the reserve for you. For people who have a financing library and the area, this would be considered a publication to have in the lending library. L. Great gift Gift for wife who's F.. fanactic. I thought all everyone did nowadays was stare at their mobile phones for 24 hours. I am therefore happy I heard of this book! I have appreciated every minute reading it! Read &. I have a few close friends who would like to borrow it.. Great pictures. It really is something I will have on my coffee table as a discussion starter. Certainly but a copy!
