! Great gift Help fund cancer analysis, dont listen to Diane (comfy clothes are for post workout sofa time only) LOVED the very best ten list suggestion. To active with work I'll need the 60 one at that time. I settled in to discover sage assistance for another 1/2 of my life. She said it is the BEST book ever! Extremely certainly a baby boomer reserve. Fun book Arrived quickly as defined. I should market myself with wonderful letterhead and a demonstration folder?! Five Stars Great ideas Five Stars Ideal for fifty birthday of friend She loved it. The amount of money management area is particularly moldy. I think she will appreciate reading it. I simply couldn't see through the out of date references to really enjoy this book. but I was extremely disappointed. If you aren't wealthy I thought this might be an inspirational publication, but We was extremely disappointed. The verdict isn't in however on whether one should trade strength for wisdom, as there's bliss in ignorance. It made me experience horrible about where I am at this stage of my life. Great little gift for someone turning 50 Bought this for a pal turning 50 and she really liked it! (At least that is what she stated.) :) I paged through it before wrapping and it do look like an extremely nice publication with great tips and inspirational journeys. Starting reading it looks like it is filled with good advice Starting reading it looks like it is full of good advice. May need to wait around until I retire to finish reading. This book was such a disappointment. Don't wait around till your 50th Was bought as a gift. The person who got this as something special has provide extremely +ve feedback on this reserve and would recommend this book for everybody, even before fifty :-) Fun read This book is actually interesting & fun to read. Lots of fun things to look at with this milestone age Gift Purchased for my dad's 50th birthday, don't think he's done all the things but he got a kick out of the book. Update: Father loved this so very much, he held onto it for 3 years waiting for his sister to turn 50 and re-gifted it to her. He recommends it. Great Gift for 50 Year Old Man This was given as a gift for my 50 year old friend. Everyone should get a competition car.! A lot has happened since these people were 50 and it's really a new globe out there!! (HUGE Letterman fan).! He went through the book and smiled. I've known several who've, and it's not as obscure as you'd believe, and not nearly as expensive. If you aren't rich, and can't afford to buy vacation homes, travel the world, and invest in cosmetic surgery now (before stuff get worse), this book is not for you personally. In a weakened world, it's not bad to be solid either. Consider it for what it's value; it's a good "bathroom reader", nothing too significant or earth shattering. Five Stars This was something special. Eat even more soy and flaxseed?! She loved it. GREAT 50TH BIRTHDAY GIFT!! I sent this reserve to a friend on her 50th Birthday and she LOVES it!Desperately must be updated! Most of the writers are now well to their 70s so I feel just like I'm getting information from my parents. Gave this seeing that a birthday present

for someone turning 50. I believed he used the book for the whole year he was 50 years old. Have a hike, limber up, buff up your brain and become ready for an amazing collection of essays to market positive growth. I think she'll enjoy reading it This book is for my step-daughters 50th Birthday. This book actually made me feel older than 50 and just a little depressed because with the student loans I'm still trying to repay, I still don't possess a home or a large 401K and I can't just pay off my mortgage, quit my work and follow my dreams.
