Warrior in Pink: A Story of Cancer, Community, and the God Who Comforts

[continue reading](#)

It transcends the boundaries of tumor and her idea of community could be applied where some of life's challenges might be thrown your way. Todd Billing's wonderful reserve on the theology of lament amid his cancers treatment, I don't traffic much in reading books on tales of people who've overcome cancers. Fierce. The read is easy yet profound. It took me several days to read about her journey but it will most likely take the others of my life to unpack her insight. Skillfully Vivian takes us on her behalf journey of the shock of cancer discovery, the extreme pain of treatment, and the hope of remission. It's not everyone's story but it's her's and she tells it well. They will have the same quantity of kids, will be the same age group, were diagnosed even at the same time of year. This book is about everything your mind and body are telling you to run from and forcing you, the reader, to consider a different approach to your organic instinct of airline flight and withdrawal. It was so moving, so encouraging, and very well crafted. It shouldn't seem unusual hopefully when I recommend that men read this book as well. I really like Vivian and the way she invites you into her tale with such ease. Inspirational. Strength and cancers just don't seem agreeable. All in all, a wonderfully written publication that's timely and insightful! I so wish this have been written 8 years ago, and that I had read and applied it to my life. Real. So when I found Vivian Mabuni's reserve on her journey with cancers discovery and treatment I was thrilled to venture into her tale. It is such an exclusive and personal subject (and area) that it's good for men to understand to become more sympathetic. She knows the power of her tale and she shares it confidently knowing her purpose and understanding the impact it will have on folks from all walks of lifestyle. Not only is it helpful to understand the severe pain that anybody who is treating cancer must proceed through but particularly to comprehend the pain women need to endure. So much truth and encouragement for facing any kind of trial, parenting, marriage, friendship, how to love others well through their trials. I loved this book I loved this book! This book isn't for just those battling cancer. I'm not battling cancers and have not been profoundly influenced by it. thankfully -- but still this story -- a tale of cancer -- It was about a lot more. I discovered many new insights and nuggets of wisdom which have challenged me, walked me through healing, and sprung up therefore much HOPE! I would extremely recommend if you are looking for ways to gain empathy, or simply find somebody who understands what you're going through. I have run from every book about malignancy. The name caught me off safeguard since it gives the notion of strength. Males, take special notice of the last few chapters and the spiritual lessons that Vivian gives as well as the appendix with terms of encouragement from Darrin her husband. Then I read the intro. And within a few short paragraphs the writer captures the reader Hook, Line, and Sinker. Hits home regardless your struggles This book is a riveting read for anyone who will face struggles in life (read: everyone! Yet, there is a natural honesty that the journey through tumor treatment is filled with both valleys, emotional outbursts and disappointment. Beautiful. Invest the Vivian Mabuni's method of cancer, instead of the path of isolation, the probabilities are great you will make it through this fight. A book that men and women should read Besides J. Simply wish that Darin would have received as much love (a simple I really like him) and recognition because the "Awesome Threesome". I find this would be the perfect publication to give to anyone who's facing a problem in life. Totally Couldn't Put it Down I downloaded an example out of curiosity, but quickly found the very unvarnished story, told at point-blank range, so compelling that We had to force myself to put it down in order not to read it all at once. An amazing book for everyone. In that way its a great book to give to friends and family users as well. Whether you're a malignancy survivor (I'm not), you need to be capable to relate to the way Viv perseveres - even while everyday life events (the ones we

take for granted) try and intrude. Vivian Mabuni writes with transparency, warmth, and depth, and I really believe all who go through her particular insights will become blessed and motivated. Huge many thanks to the author. An Eyes Opener and easy read A friend of mine and Vivian have got mirror-tales. Interspersed through the chapters are nuggets that time to good news that leads to shalom or rest amid the struggle. I loved the easy readability of this story. Vivian is usually upbeat, but also shares her struggles and dark days. Strength, Knowledge, Faith, Hope, Love - Attributes of a Warrior's Armor We purchased 5 books to give to those I understand, or may later know, are diagnosed with breast cancers. This is what people need - to keep in mind God is definitely in this and discover He will take them through in a personal way. My friend gave this reserve to her mother-in-laws and she stated it opened her eyes to all or any that was on the table, actually down to the precise procedures. Just unequaled. She was looking for God to meet up her and consider her through this. I am personally always at a loss for terms when I find out someone has cancer. I recently gave this book to an acquaintance who was saddened because her girl was identified as having breast cancer, like the author's. She then confessed she also had been treated for breast cancer. Though her cancer was not as bad as her daughter's, she went through the same psychological roller coaster as the author did. She cried tears of pleasure when she received the reserve. Reading it brought her to tears again. And yes, she actually is passing it along to her daughter. It is well created and an easy task to follow. The book I wish I'd had at the time When a woman is diagnosed with breast cancer, she is thrust right into a foreign world. Many, like me, search for information that will assist them navigate their fresh actuality. Warrior in Pink is merely the book I wish I'd been able to find. I found myself rooting (and praying) for Viv, Darin and their children. Amazing! I loved this book! Perfectly written. I also had the pleasure of heading on a mission visit to Rwanda with Vivian. She is a amazing women. I've purchased copies and given them as presents to my close friends I loved it so very much. You can't put it down.). I found myself highlighting, laughing, and at times, keeping my breath in anticipation for what would unfold next. The author shares the practical complications of battling malignancy, the spiritual battles, and the beautiful tale of how her community of friends and family showed up to support her.! So relatable! I'm so glad I found and read this book because there is so much comfort in knowing that you aren't alone in this trip. I relate to Vivian in so many methods it's like I wrote the reserve myself. I experienced breast cancer almost 5 years back but I came across healing in scanning this book even now. Vivian's writing is usually candid, faith-filled and true. The tale of trusting God - in the darkest of times and revealing to us - and how He revealed Himself to Viv - is normally amazing... This book was amazing!! I learned how to best display up for folks I value, and developed a deeper compassion for people in health crises. I'd have never thought to read it because cancer hasn't been a part of my story yet, but I fulfilled Vivian and cherished her so I picked it up. I cannot recommend this book enough to everyone, with cancer in their story or not. Yet, through it all was a wish that had the opportunity to improve her as a warrior. It's almost as though she shared her tale with me over supper... Go get hold of a copy and grab a box of tissues or wear your sunglasses when you go through like I did! Five Stars A beautiful story that showcases strength and courage through Vivian's cancer story. Vivian shares her honest, funny and natural thoughts as she goes through this tough time of year and what God trained her through this time. It's easy to go through, insightful, personal, and poignant. While I have been lucky so much not to have had to deal personally with breast tumor, I found it helpful in relating to friends and have suggested it to friends who've battled or are battling through their very own treatments. A must read! Helped

Me SORT OUT A few of My Cancer Emotions I read this book after going right through breast tumor. It brought back so many thoughts and emotions. My cancer knowledge was much different than Mabuni's (Praise God it didn't consist of chemo), but much of what she got to say struck a cord with me. Reading the publication and thinking back through my encounter played a role in assisting me process my feelings. It's such a honor to be invited into this intimate story. A truly inspiring story of God's faithfulness in the midst of such a painful time coping with cancer. Insightful and Personal Warrior in Pink can be an honest, down-to-earth memoir of Vivian Mabuni's journey with breast cancer.
