Doctor On Board: A Guide to Dealing with Medical Emergencies

[continue reading](#)

Whether in coastal waters or about high seas, any medical crisis aboard a boat requires swift and efficient attention in order to ensure the security of the casualty, and the crew generally, and prevent further harm. Be ready to: Administer life-saving medical when a crisis arises - be it heavy bleeding, choking, shock, burns, or frostbite. With obvious color photos and a straightforward descriptive text. Recognize the symptoms of a wide range of common and even more unusual ailments from conjunctivitis and food poisoning to heart attack and appendicitis. This hands-on, fully illustrated guide may be the perfect quick medical reference for any sailing trip. Hauert shows the medical novice exactly how to tackle an extensive range of injuries, ailments, and potentially dangerous circumstances when urgent action is necessary. Treat and medicate a variety of sailing-based accidents such as concussion, broken ribs, fractured fingers, and twisted ankles. Complete with immunization advice, a listing of useful contacts while at sea, and suggestions for a comprehensive first aid kit, this is the important medical handbook for any sailing trip--whether along the coast or offshore.
