Love the book Offers great detailed information about soap, and other ways to make natural items and gifts.. Happy with my purchase. Fast ship! Its funny, but this is my bible now for dealing with perfumes. Neat concepts. I purchased another publication on soap/liquid making and the other writer explained everything in the chemical substance names! She also includes wonderful recipes. Materials is old but contains some recipes for basic rinses, etc. Five Stars I purchased this as a gift for a crafty friend, thanks.
