Was hoping this publication would be a good present for a group of dancers graduating from high ... She really knows how to pull emotion and excellence from her dancers. Therefore well worth buying if you need a confidence boost. Que un libro increible Libro increible. Both adults and teens will see inspiration from her publication. As the idea was an excellent one, the colorful language did not allow me to utilize this as a present. She is amazing and so inspirational!. The people who have succeeded and were exclusive contributed to the globe in some way, either with music, dance, stories, technology, discoveries or whatever. Very happy I read it 1st. She allows for a secure space to explore and knowledge ones uniqueness of spirit. Great book Great book! Came fast An empowerment manifesto for creatives, misfits, innovators, and disruptors Mia Michaels is a creative tour de force on So You Think IT IS POSSIBLE TO Dance. I love that display, and Mia Michaels is among my favorite choreographers. Was hoping this reserve would be a good present for a group of dancers graduating from high school. I think she brings the same interest to her composing. A Unicorn in an environment of Donkeys offers a playbook for living a creative and authentic life. Using her own story as a launching spot, and innovative quizzes, charts, and lists to engage the reader within an interactive trip, Mia Michaels explores the experience of the unicorn in a world of donkeys. Honestamente no sé eso es lo que me dice mi esposa, que es la 1ue lo está leyendo Five Stars Inspirational guide to learning to be authentic Five Stars BRILLIANT. I believe celebrating your uniqueness is particularly important nowadays of cyber-bullying. Mia Michaels is my idol thus of course I really like her book Mia Michaels is my idol so needless to say I love her book! Overdone metaphor, however, many good advice, but misses mark on nonentertainment types I may end up being the only person on earth that does not know who Mia Michaels is, therefore i did not get this book because she is the author. Again and again and over. People who are exclusive and don't fit in, have stuff to provide, but it is not just their magical character, but their particular perspective and expertise. Just an autobiography, nothing more It's an autobiography, not a self help book. The metaphor of being a unicorn in an environment of donkeys, is way too emphasized here. After all literally. I got it, as I felt it captured the essence of marching to a new drummer and made it look like a positive thing. I get it, a unicorn has a horn and it's magical and donkeys stick to the guidelines. However, let's encounter it.. I would suggest this book highly!following a although it gets old. It delivers on that to some extent. Sometimes Personally i think we overemphasize, that simply by "being" some individuals contribute and let's face it, NO-ONE is that special. One of the BEST books I've ever read I recommend this book to everyone LOVE? We am a unicorn and I actually provide super props to Queen Unicorn Mia Michaels she's a Creative Genius? Mia is amazing I love this publication! They weren't simply lumps of lazy flesh just being. Inspiring In her brilliant fashion, Mia Michaels makes you have confidence in your own creative journey and to embrace your Unicornness without giving up loving the important Unicorns and donkeys in your life. This is the greatest "you do you" book. However when I consider it at from a perspective to be older than the writer and not in the entertainment field, Personally i think it misses some marks too. From the title, you'd think it is more centered on encouraging people to end up being themselves, but that is more of an afterthought. This reserve is approximately telling the author's tale - great if you're interested in that. Otherwise it's simply exploiting the existing popularity of unicorns (you can find hundreds of books designed for both children and adults with unicorns in them), and the development to create encouraging self help books. Book is over priced!!! Your book has ended priced!!!
