I really like "The Big Reserve of Symptoms" I really like "The Big Reserve of Symptoms":A-Z.I've three children. Two males ages 4 and 5 yrs . old. The lady is 9 months old.Each has different needs and personality.Many thanks to make our lives less nerve-racking. Handy, concise resource. Yes, you can google symptoms, but I'm old fashioned and prefer to have a clear resource with suggestions from a resource that I trust, especially in the middle of the night when your kid wakes up ill. It's relaxing to learn that I have something to rely on. Specially, helpful for my 4 year old who has serious potty issues.I am tired of researching online for helpful health tips. As a grandmother We purchased this very reasonably priced book to become acquainted with medical symptoms that might affect my grandchildren while they are in my care. It's my encyclopedia! Five Stars Awesome book! I am very happy that I purchased "The Big Reserve of Symptoms: A-Z". I am so pleased I did so! Who knew so very much medical information has changed since I raised my children? Obviously, I am buying this significant reserve for my friends, so when presents for baby showers to any extent further! A perfect gift (and possibly lifesaver) for all who like, and cherish children!! Has a nice grab chart with the existing First Aid techniques. I love that I can research a symptom alphabetically and quickly see whether it's connected to various other symptoms and indications of when to call a health care provider. I think we will use this often in the arriving years. Google when several symptoms come up. A Household Must Have Great resource to have in every household. Glad I've it! Would recommend. Glad I have it A very thorough book of symptoms. Brief helpful. Now, I canJust open up the book and appearance up suggestions and tips that willHelp me manage their overall health.It's a fundamental publication for ALL parents. It covers the majority of the common problems that parents are faced with in a nice concise fashion. Helps parents avoid the dreaded trip to Dr. Highly Recommend! Nice little reference to have around Nice little reference to have around. Well written and an excellent reference for each household with small children. Thank you. A perfect present for all who love, and cherish kids! Very helpful! Would definitely recommend
