AWESOME, MUST-HAVE RESOURCE This is the 3rd edition of this book that I have had. It is a fantastic resource for information regarding many medical conditions, as well as nutritional advice for recovery and/or alleviating symptoms. Very thorough explanations of every condition including cause(s), symptoms and what you can expect because the condition progresses and prognosis. As described- this was an older edition and doesn't contain seeing that much data as some of the newer editions but is still an excellent reference and great worth! I use this incessantly, it is a reserve of true hope & The only real book that is superior to this one may be the Holy Bible! I will NEVER end up being without this superior source, as evidenced by my purchases of each new edition. I make reference to it continuously. And the very best health grocery in Denver has a duplicate of it on a podium for make use of by clients and staff. I Recommend this book to everyone, and have suggested it to family members and friends for years. And this new edition is better still compared to the previous ones. Big Pharma is definitely a bandaid All the method back 1999 a 51 yo family member lay dying of liver failure due to the so called Celtic Curse/Hemochromatosis. Yes, 12 years back. Must have A lot of details. The doctors told us to get ready for their death. That information actually SAVED her life! THEREFORE I visited my local hippy wellness grocery which I frequented on occasion and spoke to the owner. I have owned a number of these editions of this book. I had the physician discharge her into my treatment to get back to die. She had a nurse arriving at the house and was being interveinously hydrated etc. 12 years ago. It wasn't easy and it took period HOWEVER she walked into her next doctors apptment and lived almost 2 decades longer (she recently passed on of another ailment). The doctors were astonished. Laid out in such an an easy task to follow format with eating patterns that might be best for certain ailments, what herbs to consider, what natural methods to make use of. The care and treatment this book guides us to can be where true healing may appear. What is the body missing? My head to for just about any illnesses or concerns My present to all graduates! It also gives information about the advantages of all vitamins, symptoms of deficiency and information about many many herbal products and supplements. curing. When asked approximately helping another person with a different analysis we figured it was time and energy to purchase this publication for ourselves. O. You never understand when you may need to "call" on it! Just over a year ago, a good friend of ours halted by saying that his wife was very sick having been identified as having cirrhosis of the liver. (She was nor can be a drinker.) He was not expecting her to become upon this earth for much longer. At that time someone had lent us a mature version of the book for another situation. I had general understanding that your liver may regenerate and didn't want to stop hope. As she begun to adhere to the directions of what not to eat etc. we began to see her wellness improve. She had got that she cannot walk, was extremely thin and yes, appeared as if loss of life was on her behalf doorstep. Today, she is not really 100% cured and unlikely to ever become so BUT she actually is walking, she has put on weight and moreover is still quite definitely alive. ~~~ The information in this book SAVED the life of a good friend of ours! For the money this reserve is PRICELESS! Pages and pages of details and helpful advice to create you back on your feet towards a healthy existence. We purchased this book used.!. I decided to keep coming back and write a review of this book 6 years later because the book was sitting next if you ask me as I type and We figured why not? He opened up his hippy shop bible (this publication) and showed me the things it would take to help purge the poisons and restore the liver. Excellent reference book in many treatments which have proven results on the body, diseases and different deficiencies, vitamins you can test. They are like the go to "bible" for natural healing. When doctors cannot assist you to and you have no where else to carefully turn,

or perhaps you want to heal yourself naturally, this reserve is amazing. Healing the body isn't what medications perform. I highlight mine and turn to it all the time for basic ailments to arthritis to whatever. I've nothing negative to say about this publication. In the digital age, this is one excellent actual publication to have in the hands for reference! The Only Help for Serious, Chronic Disease--As Good as How to Stay Healthier This group of books has been my mainstay for years--since I was identified as having what they then termed as terminal, without known treatment.) Long well-known updated revised resource covering much info ! The main issue has stabilized for most years--once I was told it was somewhat improved and "which has hardly ever happened before. We began the hippy regiment immediately. Diagnosis: A wasting disease; no help; no hope; upcoming is rapid degeneration. Which is rather common among people of western European ancestry. non-e of the webpages are pet eared, and there is a very small amount of underline (but it's useful) Great buy Great resource Useful details. My medical diagnosis?"I buy this book for my kids and grandchildren, and all of the friends who don't appearance askance at me personally for sticking with non-doctor-approved health care. My D. -- Extensive book that covers a MULTITUDE of topics, this book should be in every home.! Hooray for "Prescription for Nutritional Curing. I'm glad I made this buy. I used it to look up every element of my illness, after that began a regimen of supplements geared to each.!! After our friend left we immediately looked up what this book had to say and got the information to our dying friend. I usually put them on out! So we all have to be mindful and read carefully. If One tries a whole lot at once and something helps or harms its challenging to know what that(s) to eliminate will be. There are so many references out there. It has been revised and out for decades. It tells therapeutic dosages. Best book Most comprehensive book We ever seen best book healing knowledge Good seller! Be up to date on the whole chapter as it lists why you do a certain issue or like by the end may describe a contraindication, something , a reason one may not mix x with z. Just try a very important factor is recommended at a time and that means you know if it can help. Reputable source! Has all proteins, herbs, vitamin supplements, what they do, foods that have them, where you might get , etc. Thanks, Liz a must have reference book!. We hadn't been aware of such a problem until this happened... Great book Great gift ! What's the catalysis that the problem stemmed from in the first place? physicians cheer me on. They love!! We weren't required to write a review but chose to achieve this. Great deal!" (Ariel I. You can tell the book can be used, it actually came with a really old nutritional pamphlet inside. One of the mixed three diagnosed problems has totally disappeared--which I was informed doesn't happen (a drug-resistant bacterium gone). Wonderful information. Read cautiously. Even explains conventional medical treatment(s) and whether these treatments are successful and any side effects or detrimental outcomes of them. as advertised Very informative
