Sent this as something special.A coffee-desk prize. It was really appreciate Fantastic Absolutely incredible collection of shoes! Seductive can be an appropriate explanation. Every page is filled with beautiful pictures! I gave it as something special to a shoe lover/collector and she was thrilled! Gave as a gift I never found the inside of this book but the cover was nice. I'm in love. precisely what I needed woow lots of information, lots of great images, really suit you perfectly for me and what my current task is. Great book Four Stars A very beautiful reserve.The pictures are sharp and the text is complete. Great gift for shoe-lover We gave this as something special and the recipient found it to be her favorite present out of hundreds. Covers many centuries,up to contemporary. It was really appreciate Sent this as something special. Soooo Seductive Great book compiled by the perfect person. The pictures are great and the shoes are to die for. This is a beautiful book with the proper balance of pictures and text. One of my favorite fashion books This is by far one of my favorite vintage fashion reference books, Jonathan Walford do an amazing job putting together this gorgeous coffee table book of shoes throughout history. Worth the price if you're a shoe person. Five Stars What an amazing collection. I take advantage of it frequently in my vintage clothing business. A great gift Bought as something special for a friend studying to become a stylist. Why can't designers provide shoes (and clothing) such as this now.
