A Must for just about any Dog Owner This book is a must for any dog owner. I also bought this for my classes, but experience everyone who lives with canines should have one. The information is up-to-date and relevant and employs modern first aid techniques akin to human medical and CPR. It appears fresh. The pictures used throughout the reserve and video on the DVD clearly illustrate the proper procedures to follow. Although not intended as an alternative for veterinary care, this book will make the difference between life and loss of life for your dog within an crisis and I highly recommend it for anybody who comes into contact with dogs regularly. The descriptions are poorly written and lacking important info. I did so a pet CPR program and this is the book they referred to.. Hope to never need it. Four Stars the book came in excellent, as advertised, condition.. Therefore happy I came across it here on Amazon. but it has covered every kind of situation you might find your pet in.. Better Prepared Very informative. Since I own two dogs this comes into play very handy. Despite the fact that I treat my canines like children, applying medical has shown to be a whole lot different than a child. Great need to know ideas about your animals that I never thought of. Read this book to greatly help protect your purchase towards a unlimited supply of unconditional love from your pet Red Cross First Aid For Dogs Publication and DVD This is an excellent book and DVD for Doggie parents. It is the same reserve set provided at the Crimson Cross Pet MEDICAL class and is the same DVD used in the class. Informative Informative book but NO DVD as stated in the description. Some of the books are more interesting than others but all consist of valuable information. I actually haven't played the Dvd movie yet but it should work fine. Just a general first aid guide, no specifics at .. Excellent! Just a general first aid guide, simply no specifics at all. It is possible to learn more in about an hour of internet searching. Five Stars Good to have readily available First Help for you dog Purchased for medical kit. It has a lot of great info and treatment details. My dog is as essential as any relative.. and It came rapidly Poorly written This book is lacking. Important book to have Great to have readily available in the event. I am purchasing this book for gifts for close friends aswell. It looks new Took a time to get here nonetheless it was exactly as defined. I haven't performed the DVD yet but it should work good. The chapters are well-organized and cover everything from gentle abrasions to poisoning. I am taking Small Pet Massage therapy, Acupressure and Tellington T Contact.
