Five Stars Excellent. This is an absolute must have book for everyone to get and have when dealing with your parents aging process. There is a lot of useful section to guid you in to the world of aging. A good resource book for those who have an elder that you .. Arrived on time, exactly what I needed. Recommended for all ages. Good info!. Great info!Helpful ageing process. An excellent resource book should you have an elder that you are looking after or looking for options to have them taken care of. Satisfied Great price Good caregiver information We have an elderly parent and found info in this publication very useful. We also found useful information ideal for ourselves as well. I had to buy the paper copy instead didn't function for my class. Five Stars ? Good book nonetheless it isn't the extended edition I wanted the extended edition which is what I got. Good book nonetheless it isn't the extended edition. This is a book I'll refer to often.
