Waking the Warrior Goddess: Dr. Christine Horner's Program to Protect Against & Fight Breast Cancer

[continue reading](#)

Breast cancer has already reached epidemic proportions in the United States. Once a relatively rare disease, it right now affects 2 to 3 3 million ladies, and the incidence is going up at an alarming price. This legislation was her 1st gift to her mother's storage, and this book is another. Christine Horner, M. Useing the metaphor of the Warrior Goddess, this book explains something that Ayurveda describes as our "inner healing intelligence., gets the prescription: Take healthful organic foods, put in a good dose of certain health supplements, get the others and exercise we are in need of, and avoid those things that are bad for our anatomies. We each possess a Warrior Goddess in us, and it's time to set her free of charge. A pioneer who pushed through federal and state legislation making certain breast reconstruction after a mastectomy would end up being paid for by insurance firms, Dr. Something great would come from it. She chose after that that her mother's loss of life would not be in vain. Horner dropped her very own mother to breast cancer. What can we perform about it?D." In addition, it explores the many foods and supplements that may enable women to successfully fight breast cancers and claim the healthful body that should be theirs. Horner tells visitors what to avoid and what things to embrace, exactly what will poison the Warrior Goddess and what will feed her and what she needs to thrive. Dr.
