

The background of the entire image is a close-up, high-angle shot of a bowl of ramen. The ramen consists of thick, wavy, light-brown noodles that are densely packed and glistening with a dark, rich broth. Two wooden chopsticks are visible on the right side, partially submerged in the noodles. The lighting is warm, highlighting the texture of the noodles and the sheen of the broth.

Perfect gift I acquired this little recipe publication for my beloved in order that he may have a guide for college cooking food! :)I looked through it before I offered him his present, and I would like to purchase one for myself, or to give another one to someone else who needs it. Simple to use. its great!. Great Grad gift! I am a teacher and some of my learners 're going away to college. I thought that will be a cute gift plus a gift cards to a grocery store. Gave it as something special to my pal, he adored it! It has great recipes that are easy for college students to make. He loved it!. He loved it! It has great recipes that are easy ... I purchased this for my boy in college. Impossible to have open and become cooking and pursuing along at same period. Really small and hard to keep open up and read.fast. I have a daughter likely to college shortly. Best believe she will have this book to take with her. Worth the amount of money. That is also great as a stocking stuffer for Christmas. despite the fact that i am not in college i purchased this for simple lunch time recipes to try work. Granny said - Ordered for my great grandson, who is going to be considered a sophomore in University of Arkansas (move Razorbacks) and will have his very own apartment this year - great book designed for a boy who does not learn how to cook, especially with the lists of necessities meant for the kttchen. this is a cute present for my scholar. ... it is a cute present for my college student. if anything provides him some starting suggestions to continue his cooking food as an adult. She loved it! Great basic recipes This is a small sized recipe book that I threw in a care package for a college student. She adored it! Great simple recipes. Easy to read and pack in her purse this book is excellent. 90% of the recipes in here are incredibly easy and cheap to make with the small exception of some random more "luxury" cooking items. he loved it! General, its an excellent book for any college student. 10/10 would purchase again! My beloved does not cook very much and he isn't therefore experienced in the kitchen, but this little book is ideal for "those types of people".. I was very amazed to find that I would actually enjoy making some of the dishes myself. Thank you!ingredients u have on hand Brought for granddaughter for university so sheccan make several dishes. Easy and Cheap I acquired this book a single a whim because I saw that it had been \$5, but honestly its the very best university cookbook that I've bought so far. even though i am not really in college i .. Other than the book itself, my freshman boy liked the recipes. Recommended Small, but a good grad gift. Five Stars little book -great for small college dorms- print easy read! I'm more experienced in your kitchen, and I simply love to cook meals, but having this little Ramen book would be ideal for days when I wish to make something easy and tasty. this book is fantastic.. I really enjoyed the truth that it also gives you some basic cooking food instructions on the way, as well as the elements of the book offering helpful tips. Not functional, but decent Wish I would have browse dimensions of the publication.
