If you are searching for a book that's terminology on IDD I would highly recommend this book! We thought it was a hard read. Very informational book We am still reading about the book because it is a big size reserve so far I have learned alot. It offers you a look at how IDD people treated and how low the financing is because of this disability.. Not in ... We thought it was a difficult read. Not in any way suited for students trying to get the content in incrimented segments. Five Stars Awesome
