Valuable Piece to the Start Up Puzzle I have already been tossing around the thought of starting up a BEAUTY SALON for a few years now. I've very lately broken into the salon market but have always wished to open up a salon. This publication does an amazing work of putting everything from the table so you can really evaluate whether that is something you can accomplish. It offers you every fine detail and leaves nothing up in the air flow!. It was filled with valuable information when it came to equipment, staff, and various other startup related issues specific for hair salons. Like this book!!The book is or brand new or like a brand new :)Pleased with my new book..Taught me sooo much!Thank you,Rochelle Miller Fantastic Reserve! What I was missing was a publication specifically targeted to the BEAUTY SALON Industry. came in handy Book like completely new Satisfied customer. It actually breaks it down for you and shows you what you need to be bringing in in order to accomplish the profit margin youre looking for.Right now this isn't likely to be the only real book you will need when setting up a beauty salon business. If you're looking to open up a fresh salon read this book Good basic book Its a very complete guidebook, with useful tips and relevant information. That is however is a very valuable resource in the whole scheme of things.If you are thinking about setting up a business like this, I recommend this book. Five Stars gave as something special. This book filled that need. The book arrived today Saturday August 24 2013, sooner than expected.! I got subscribed to a few trade mags, but I was lacking a critical element. Readable and follow! I believed I was going to bored when I glimpsed through the publication and saw all the chapters and titles no pictures, but I've literally not been able to put this publication down since I purchased it! Great investment! Start up! great reserve for all information and regulations on starting a beauty salon..!from documents had a need to booth rental to insurance.. I discovered things I never would have thought about without this reserve. this will walk you through the procedure. Great reserve, has exceptionally detailed information on how to start out your own salon! I enjoyed reading this book. Extremely easy to check out and I learned a lot! It produced me think of techniques that I hadn't thought of, before! five years late very helpful in assisting me withthe right info. I want that I've would've go through before my first salon. I would suggest you read up on management principles, small business marketing techniques, and appropriate business planning as well. I would recommend it to a person who is thinking about starting a salon and requires a place to start.
