Very fun - great present for a variety of folks! This book is great for kids since it has lots of fun pictures to go with the topics, and it's also great for adults since it has a lot of fun pictures to go with the topics. For the reason that feeling it gets your heart pumping just a little as you visualize yourself in these situations. It makes an excellent gift too. It's comical sometimes, frank at others, and throughout light reading. We gave a few copies away at Xmas this year (to the males in my own family) and EVERYONE was pawing at it before the nights end, wanting to learn probably the most efficient methods to survive this issue called life.. A must-have for all your men in your daily life. when you will be stuck out on your personal in the African bush or somewhere similar. Great gift for my boyi I bought this reserve for my son for Christmas.)Really - a great gift for someone you might not know too well, and an excellent present for the youthful bunch within your own family. I recommend! I really like it when I can find something for everybody I love it when I can find something for everyone, this book was the gift for all the guys in my Christmas list one year well over a decade ago and everyone cherished it! In fact, my brothers, uncles, and coursins quote it all the time and it's such a fun reference that when someone becomes 'part of the group' or 'part of the family' or 'of age group' they receive a duplicate as a Christmas gift, it has become a extremely funny, tongue-in-cheek correct of passage. All of the guys consider themselves section of a club based on their copy :) Hilarious and Informative This book is hilarious and just academic enough to actually provide useful information to an incoming (or current) college student. Real lifestyle scenarios, that a lot of likely you will never use, but I'm sure you'll be happy you read it, In the event. Great book This is a great book. ; He is 10 and his preferred TV show is the Deadliest Warrior. He likes the survival shows as well as Mythbusters. This reserve is right up his alley. To compare how this publication says to perform a maneuver and how they are executed on TV or in a film is interesting. He lately required it camping with him. This is a good fun book to get children reading who may not otherwise grab a book, nonetheless it is normally also interesting if you ask me. Additionally it is very interesting. I believe it would work very well for a present for people of most ages. I gave it five stars because it is exactly what it says it really is, and I am extremely pleased in in. Great value and great gift. Very cool book Great book and fun to learn, or simply skim through it. If you have ever wished to know the best way to escape quick sand, you'll finally know after scanning this book. It offers advice, along with graphics, on everything on how to make t-shirt drapes to writing a final minute paper. Gift for sibling So i got this for my brother, he was the what if kid, for his birthday as a serious/gag gift and he loved it. He laughed at first but then realized it had been going to be considered a good book to learn and held it. I might purchase one for myself. entertaining and informative I ordered this book for my Kindle after having seen it around for years. While I don't question its credibility (the authors name all their sources (experts within their respective fields) in the rear of the publication) I had trouble not laughing at some of the instructions. Great book! Very informative as well as funny! I came across it just a little dry in that regard. As I browse it I wondered whether, if confronted with these situations, I'd be able to remember and apply what the reserve describes. Hehe! Five Stars my teenage son got a kick from it Five Stars Cool book Four Stars Very good book to have, Very useful Amazon gets the best price Amazon has the best deal because of this book. not terribly expensive, a straightforward read, entertaining. Even if I never use the instructions in the book, it'll be worth the money I paid for the laughs I got. I enjoy non-fiction books like this which did not disappoint. Great for Many Things - Including a Laugh I must say - I got a big kick out of the book. I enjoy studying it as well. A lot of the circumstances are those you might expect to discover in your regular action film. He has demonstrated me many techniques he discovered from it. If you are an outdoorsman, a computer scientist, a homemaker, or someone who knows how to read and has a sense of humor, I would recommend this book as something to at least skim over sometime. "Must have" for survivalists with a sense of humor! Wild derived from it, although the book could use a little more levity; Uncle who is a survivalist will certainly enjoy this book. Nice illustrations and apparent directions. As you go through you can see how Man vs. Bought for my little cousins. I treasured these books when I was little

and I'm sure they will too! I bought it for a higher college grad and can't wait to gift it! It really is funny and useful.. I believe this is a great gift publication for a man; Gave it as a Xmas present to my friend's fiance. Though, I think anyone could be thinking about this, as survival is extremely important and interesting. Very helpful and cool book.
