Create a CORPORATE CULTURE that puts Sufferers and their own families FIRST. A lot more, leaders have turned their focus to documentation and the bottom line and from the mission of the work. Hospice work is not for the faint of center. It requires courage, commitment and accountability to achieve success. When hospice is at its finest, a properly trained, passionate staff can make a profound difference in the lives of the dying. Author Patrice Moore gets the win-win solution. The MONEY will follow. Hospice regulations have grown to be more stringent and scrutiny has become more intense. No Objective No Margin is The fundamental guidebook for managers, plank associates, and other operational executives to build rewarding financial plans that concentrate on what issues most – the patients and their families.

Valuable Source and Reference For Hospice Leaders and Laymen Alike The Veterans Administration (VA) is an extreme example of a healthcare organization that dropped sight of its objective to provide quality care for its patients. VA leaders nearly totally abandoned the human connection to their patients and only tenure, compensation, internal politics and business metrics to the extent that their margin and their mission are both irreparably broken - along with the trust and respect of Veterans. In her book, Patti Moore plots a secure, protected course for hospice leaders to get around through the rocks and shoals of running a viable, sustainable business operation without compromising the product quality, compassion or dignity of their look after patients. Sarah C. The book is undeniably a valuable resource and reference for hospice leaders, but most of the principles and guidance could easily apply across many healthcare disciplines. The book also holds practical background details for the nonmedical lay-person - specifically for SENIORS and the "Sandwich Era" who tend to be looking after children, shepherding elder family members through their last times and who are previous enough to be considering their own end of existence options. Congratulations and thank you to Patti Moore for such a generous contribution of insight, wisdom, knowledge and inspiration for hospice and other healthcare personnel.. You've got to use the heart and interest for what you're creating - and in that, you will succeed. As a head in your small business today, despite the fact that I'm not really in the market specifically, the message bands true for managers everywhere. Thoughtful, practical - a must-read for anyone in hospice management.. A great read. Her encounter and like for the finish of lifestyle legacy is rewarding since it is insightful. This is a great read by a hospice genius This is an excellent read by way of a hospice genius. Basic information Very simple information.. Her advice, suggestions and solutions are created with crystal clearness in a warm personal design always emphasizing the importance of balance between proficient margin administration and the necessity for constant focus on the mission for quality care. Satisfied Arrived in good shape. An expert's mission-driven management techniques offers a roadmap to excellence Patrice Moore offers written a great guidebook for all those tasked with making their hospice programs both humane and cost-effective in today's changing health care environment. Her dedication to the mission of hospice informs the whole book, and the wisdom she imparts here is the fruit of a lifetime in healthcare and hospice work.. Patrice Moore offers written an excellent book that is a primer for hospice managers Patrice Moore offers written a fantastic book that is a primer for hospice managers, board people, and the public who is thinking about learning about hospice. Her publication reminds me why I am a CEO of a not for profit hospice and why our great mission is the heart and soul of the hospice care we provide. Many thanks Patti for writing your book! An excellent read. Thanks a lot, to the author for sharing your passion, and what it's meant to therefore many. Every hospice manager and their teams should read this book. Everyone who thinks they're called to business lead a team of hospice employees should read this reserve.
