With real-world considerations in mind, disaster preparedness consultant David Dark shows us how to stay alive when tragedy strikes. Would you understand how to prepare for an unforeseen crisis, or handle an urgent disaster? His step-by-step actions can help us make it securely through a variety of crises, from catastrophic weather to terrorism to civil unrest. In addition, he provides a hierarchy for response including communication, healthcare, food, drinking water, and shelter in the lack of establishments and commercially available solutions and supplies. Black presents tailor-made programs for folks, businesses, organizations, small organizations, and communities to follow, in all parts of the nation and divided by kind of emergency and environment.

Already knew the majority of what was discussed by being an eagle scout and my years as a doomsday prep guy. I have looked to learn more from the author. basic not a good deal of new stuff here to me but it will come in handy to those people who have never considered these exact things Three Stars thank you Four Stars Could be useful someday, readable. I breezed through some of the pages and it looked quite interesting. It got guidelines for what to do in lots of life threatening situation. This publication has been an excellent re-focusing of my priorities. survival stuff I like it, but it kinda felt redundant when we was reading thru it. Great little book for the survivalist in your life even if that person is you. Haven't actually had the chance to really take the time to read through this reserve thoroughly yet. However, skimming through what I've seen, it really is packed full of useful stuff. Prepper Staple, MUST HAVE Great Book! I specifically enjoyed the section where it explains how to make safe normal water with primitive tools. Loved how quickly this came in! Simplistic but an easy afternoon read. Catchy name but found the info lacking. Very cool book, would definitely recommend! I really was surprised at how well and in form this publication was when it arrived! I can't wait to provide this to my mother as a present-day! I flipped through it and it looks like an awesome book. Yes the Internet rocks !, but if power is normally lost or another thing to render it useless, books like this could really can be found in handy! Very useful bookThe reserve was well received.Great reserve. helpful humor While i'm not really finished with this reserve, up to now i am acquiring it having terrific humor as well as helpful information. There have been things in here which were simple, I couldn't believe I didn't know to do that. Also interesting purchase of duties spelled out as well.Thanks! This was a gift. Enlightening Very informative, I learned several new reasons for having being prepared. Great gift. I like his style of writing.
