Disappointed in quality but not content Was surprised to open this "like new" book and discover that it appeared much like a copied book. Some of the pages were hardly legible and the grade of the cover and binding was extremely poor. The content is definitely what I was looking to find--accurate and comprehensive, and of course that is what is most significant. The amino acid N-Acetyl-Cysteine (NAC) is preferred for its multiple benefits, whilst some of the other youth-preserving chemicals are CoQ10, fish oil, lipoic acid and friendly intestinal bacteria like acidophilus. Five Stars A must have book for anyone attempting to be part of the Anti-Aging movement to feel younger. Five Stars Excellent condition Five Stars good May you stay forever small! Review of Forever Ageless: Advanced Edition by Ed Zimmerman, MD Cosmetic Surgeon, Las Vegas, NV Forever Ageless: Advanced Edition - Review Chef Rothenberg and company have successfully cooked up probably the most up-to-time and artfully presented "tomato sauce" of Preventive and Regenerative Medication to date. For those who desire to explore the topic in depth, more intensive explanations and medical references are available including unlimited "pearls" of info. I recommend it for everyone who would like to live longer and more healthily. The book provides cutting-edge information on the latest supplements that help out with maintaining health. As a practicing physician I've used this book many times as a reference. However, understanding that this was a very expensive book when brand-new, it's impossible to believe that the one I received was a used version of a genuine. To keep the brain young and healthy, the very best products to take include Acetyl-L-Carnitine, Phosphatidylserine, Vinpocetine, DMAE and Gingko Biloba. Michael D. Smart medications like Hydergine and Deprenyl (Eldepryl) that display great guarantee, are also discussed in this chapter. This condition of the art opus breaks a complicated area of medication down and places it back collectively, an ingredient at a time, in an understandable, good sense, open-minded fashion that's hugely educational and an enjoyable read. Considering growth hormones deficit as a significant factor in aging, the authors contact it "tissue fix hormone" and suggest supplementation. I highly recommend this publication to all or any people over 30 who want to end the clock of biological aging and stay healthy. Very similar books with valuable info include Renewal by Timothy J. It has shown to be very useful with all my HRT issue solving needs in fact it is also packed with references which support the technology of antiaging. Carol Colman, and The Anti-Aging Bible by Earl Mindell. Forever Ageless is an in-depth handbook in anti-aging therapies and protocols. Be it a quick, nuts and bolts reference for individual education and treatment algorithms (the CD power factors are great for patient ed) or a thorough, comprehensive, peer review supported guidebook to complex, multi-factorial, treatment decisions. Lionel Bissoon Author, The Cellulite Remedy. His demonstration at medical meeting is quite interesting and understandable." The reserve is written, depicted and arranged in a practical, user friendly manner for both individuals and "in the trenches" practitioners. The authors present a comprehensive investigation of hormones and hormone replacement, making a good case for the transdermal delivery of testosterone and natural progesterone by using patches or creams. Forever Ageless: Advanced Edition is destined to be a top vendor and deserves a place in everyone's personal library. DR. and "live lengthy, healthy and prosper"!..browse it. TOM SCHNEIDER MD, FACS..live it . It offers a great summary of background info and all the components, including hormones, nutrients, and lifestyle, to improve quality of life while maturing. Forever Ageless, Advanced Edition Get this book. Ed Zimmerman, MD Personal Practice, Cosmetic Surgery, Las Vegas, Nevada THE BEST OF IT'S KIND BY THE VERY BEST IN HIS FIELD I Have got BEEN INVOLVED WITH AGELESS MEDICAL Administration FOR 12 YEARS AND I'VE AN EXTENSIVE LIBRARY OF TEXTS ABOUT THEM. Help your sufferers and lengthen your very own

"Healthspan". ROTHENBERGS TEXT IS ACTUALLY THE STELLAR PERFORMER. IT IS A COMPLETE 'MUST HAVE' FOR ALL PRACTITIONERS IN THIS DRAMATIC FIELD OF MEDICINE. MORE IMPORTANTLY, IT REALLY IS WRITTEN IN A STYLE THAT IS EASILY UNDERSTANDABLE FOR THE LAY General public AND ANYONE INTERESTED, AND OBVIOUSLY, AT ANY Age group. It is a Have to for sufferers contemplating any antiaging treatment. DR. ROTHENBERG PROGRESSES FROM A KNOWLEDGE OF PREVENTATIVE Medication AND CONTINUES WITH VERY FACTUAL AND CONCRETE PARADIGMS FOR ANYBODY INTERESTED IN TAKING AN ACTIVE ROLE IN THEIR HEALTHCARE. FOR THE MORE DELVING, THERE IS A LOT OF PHYSIOLOGY AND HARDCORE EXPLANATION OF HORMONE AND VITAMIN/MINERAL SUPPLEMENTATION. SPECIFIC DIET AND DIETARY DAILY SCHEDULES ARE PROVIDED AS WELL AS COPIOUS MATERIAL ON EXERCISE. THE DIAGRAMS ACCOMPANYING THE TEXT ARE SIMPLE, CLEAR AND Exact. DR ROTHENBERG DOES AN EXTENSIVE EVALUATION OF BIO IDENTICAL HORMONE THERAPY AND EVEN A TAD ON STEM CELL RESEARCH. THERE EXISTS A VAST SECTION ON DOCUMENTATION WITH ARTICLES TO AID THE ENCLOSED Materials. BRIEFLY, I CAN ONLY Mention THAT THIS IS THE FINEST TREATISE ON THE SUBJECT OF ANTI-AGING AND PERSONAL PREVENTATIVE Wellness MEASURES THAT HAS BEEN WRITTEN UP TO NOW. EXTRAORDINARILY DONE WELL AND ON A COMPLEX Subject!.. A Must Have For Enduring Health! "Forever Ageless: Advanced Edition" is both a thorough and readable book for everybody. Rothenberg is one of most well-known doctor in anti-agind medication.. It presents a program of exercise, stress decrease, diet and supplementation, like the use of organic hormones. It's a fascinating browse that's hard to put down, and should be in everyone's library. Science Comes to a fresh Field of Medicine This book can serve a a textbook for physicians in the field of regenerative medicine yet is understandable enough for any interested person. It is a milestone because of this new field. Their effects and benefits are completely explained. Berger, MD GREAT BOOK "FOREVER AGELESS" Dr. This is a guidebook for every patient thinking about health in addition to a referenced textbook for any physician interested in anti-aging and hormone therapy medicine. from history, evaluation and tests, treatments, exercise, diet, clinical and legal implications, supportive abstracts and references, "It's within! So many physicians go to his lecture evry time. This book is quite organized, so it's very helpful to review preventive medicine such as nutrition, exercise and tension reduction for physicians in various fields and also it can be a exellent guidebook for people's daily life. The information is usually well researched and the scope of the task is intensive. MAKOTO MD JAPAN AN ABSOLUTE MUST HAVE Guide and Reference Publication for Doctors and Patients This is an amazing threatise on antiaging. I PARTICULARLY JUST LIKE THE Structure OF THE BOOK. In addition, for physicians practicing antiaging medicine it is an excellent resource. I recommened this book whole heartedly to anyone in the antiaging field also to those considering adding this scope of medicine to their practice. Among these is carnosine, an important anti-oxidant with anti-glycation properties. Smith, The Superhormone Guarantee by William Regelson & Dr..
