I am bound to get multiple copies of this to give away to my friends and family! I've opened up it to random web pages and each and every time it's made me laugh out loud?? Can pick it up and begin in anywhere and go through for what time you have available to read. How did I manage without this? Good, funny book. You may want a little life knowledge for this publication to hit the proper spot. Good waiting space or bathroom publication. ;) Arrived quickly, was in a box with other books and was well padded so the books didn't get any damage from the shipping. Four Stars funny. I rate this reserve at 2 stars because of the vulgarity in it. I bought this publication from Spencer's in 2008 and lost .for "that" person LOVE IT!!! Among the funniest books I've read in a long long time. Great publication for a great laugh Extremely funny if you need a good laugh this is a reserve for you I would recommend it my son and that is 19 loved it I acquired it for him for Christmas he couldn't put it straight down he was laughing for hours and I'll be great to carry with you on a long ride in the car of course if you're the passenger LOL I laughed out loud The title of the book and the juxtaposition of this content is what makes this book so funny. Four Stars they thought it had been funny This book is so funny This book is indeed funny Grade = A- Titles and subjects are organized pretty good. Some of it is funny, but a whole lot appears like stuff made up to fill space. Funny however, not a book for kids.. Not impressed The book is ok. I don't mind the sarcasm and raunchy adult humor but the profanity in a few chapters is a bit much. The content is definitely funny and storytelling is great. Either too far fetched or too ridiculous. Most of the stuff is certainly regarding men but the likelihood of them occurring are slim to non-e. I could think of tons of WTF situations that really perform happen. This is actually the funniest book ever.... I bought this reserve from Spencer's in 2008 and dropped it. I known as it my "Bible" for some time. I got bored after about ten pages. Don't bother Dumb and waste materials of my time Wtf? This book certainly hit me in the proper funny place. My teenage daughter didn't find it quite as funny as I did. Really oh my gosh This book was and I really enjoyed it made an extended day seem not so bad many thanks for writing it
