gave me an improved understanding of the "whole picture" Having no experience as a camp nurse, despite 27 years since an RN, I came across this book to become invaluable! It offers you somewhere to start. I considered it an extra and unexpected reward to be supplied samples in the resource section in the back. The respectful and integrated relationship between your ACN and the American Camp Association was made clear, throughout the book. There were quite a bit of relevant references to nursing practice and regulations. Help!. which connected even more "dots", gave me a better understanding of the "whole picture", in addition to a peace of mind. This reserve is a "will need to have" for each and every camp nurse. Consider making it a permanent part of your camp's items and make it essential read for potential camp nurses at your camp. This is my first time as a camp nurse and I wanted to be well educated and ready for my new role.

Informative This was an extremely informative book. This book helped me so much doing just that. Good Tips Great tips and practice info, somewhat simplistic on particular issues, but it covers a wide selection of types of summer months camps. Good recepies in the back, some organization items I felt could have been better, but utilizing the index helped. Great tool! It really is well written, thorough, comprehensive, and structured.. I volunteered to be a camp nurse! The reserve is filled with ZERO knowledge to assist you gain information about camp nursing. How to Run a Summertime Camp Health Lodge We am an EMT running a Boy Scout camp health lodge. This is a great publication, and provides protocols that are prepared to adjust to any camp circumstance. I searched the Internet and discovered that the cheapest cost for the book is normally on Amazon. I highly recommend this book for individuals who are completely new to Camp Nursing like I was. She writes perfectly, and lists particular things you need to know for camp nursing. I was very surprised to find the amount of info and tips. This reserve was full of "heat". I felt a lot more prepared.

Five Stars great Five Stars Great ideas and suggestions a MUST read for all those thinking about camp nursing Good product. Quick shipping. Excellent, informative, easy to navigate. Good product. I have been a nurse for many years in a variety of different disciplines. And many thanks Ms Erceg for writing it! It had been a bit more than I required, but it had the knowledge I wanted.I have no idea what We was thinking when I purchased this book. Not worth the amount of money I have been a nurse for many years but by no means a camp nurse . I was looking for a book to revise me on information about camp nursing. Great publication to have for an initial time camp nurse like myself. There is not one thing I learned. If you're a nurse after that this book can't teach you one thing. This was a waste of \$39. This is my first year doing teen camp for my church about 200 kids which was helpful as I had no previous experience and no orientation by previous nurse. This book was strongly suggested to me and I recommend it to any of you considering of embarking on a fresh journey in camp nursing! As well bad there really is nothing out there to read about being a camp nurse.95!
