If you need assist in sorting through all of the possibilities of a second act carer, go through this book! Nancy Collamer understands the new world we live in. There are many way to make money from just about anywhere in today's world. The problem is understanding what exactly are all your options. Nancy has created a book that walks you through the brand new world of making money and developing a portfolio career. This book complements a great many other books out there including The Encore Profession Handbook: Steps to make a Living and a notable difference in the next Half of Existence, Great Jobs for Everyone 50+: Finding Function That Keeps You Happy and Healthy ... And Pays the Bills This book would be OK if it had been your first look into options for the next journey... Problem I've found that there is hardly any original believed, most authors are repeating the same suggestions presented by others.' moments but it did provide me with some equipment to begin with my research. However, there are more extensive lists. This publication is most useful for idea era and for the self-evaluation exercises at the back. review The book was ok, but did not go comprehensive on any of the careers or jobs she discussed Simply the book I have already been looking for Thanks Nancy for writing this book. Second-Act Professions: 50+ Methods to Benefit from Your Passions During Semi-Retirement It might be useful to some people We didn't see a lot of original tips here. It may be useful to some people, but not if you ask me. Good book worth reading for those who don't want to sit home ! Very useful book and worth enough time to go through. A tiny gloss on the education, tutoring side, as most states do want train credentials aswell, not as easy since it appears to imply. I have 4 degrees and 30 yrs in prof. I read Nancy's book prior to retiring from full-time function and actually appreciated her food for thought and her practical advice and ideas. I read this book and it really made me think about lots of things, that I never would have considered. I changed my career many times when reading the book. I have selected a fresh career, one that suits my life style when I semi-retire. OK publication, few if any first ideas. and my book [.] Marc Miller Career Pivot Ideal for idea generation Thorough, for what it was.. A good book to start with. This is actually the same. Solid guidance. While skimming several books to greatly help me figure out what I wish to do "when I grow up" I discovered this book. This publication didn't provide any 'a-ha! I like the easy to read and follow assistance and Collamer gives several suggestions under each profession field or area to think about. Quietly purposeful and useful - this is among the best books I've continue reading the subject. It is a good reserve to turn to for some ideas- you can find websites included for the reader to peruse. Out of several books I purchased for research, I make reference to this one frequently.. In addition to content there are a great number of different resources that have been included to assist you continue your investigation in what you wish to pursue. Lots of information, well organized. Her insights were actually great In case you have an idea of what you want . My expectations for this book were higher than what I found when actually reading it... Very insightful with loads of information for the senior years if you do not want to just take a seat on the verandah all day long. Great tips and direction.. Why difficulty to use to determine what you would prefer to do when you have no idea therefore to be fair the book delivers for those who have a simple premise for your next act. A valuable resource Extremely ideal for anyone contemplating retirement. field - no responses. Five Stars Excellent book Very insightful with plenty of information for the senior years . Quick reading, informative Great resource for those folks at career crossroad Must read for those looking at their second act I rated this publication as a 5 superstar because the writer has provided good articles to help you consider your second act.. Her insights were in fact great IF you have an idea of what you want to do. Quietly purposeful and helpful Absolutely brilliant. For instance, if you were a teacher as I was, she provides

suggestions in the online arena in addition to local colleges, non earnings, consulting and corporate schooling. No matter what age you are or what stage of lifestyle or career you're at, that is an excellent way to make the next chapter of your existence meaningful and truly, really excellent!
