Not many things to study from this book. but all will make you are feeling better & broaden your horizons  
Wanted a little more sometimes with the abilities, but all will make you feel better & broaden your horizons.  
.. Should have read reviews. "Collect seeds from along the roadside". Works as a start-your-thinking guide  
however, not while a handbook. Basically it appears like they had taken a "fluffy" magazine "list piece",  
employed a cartoonist to illustrate it, and switched it into a publication. Creatively written. I did so. Primer  
for a post-industrial world No details, just the overview. Nevertheless, when it arrived, I was very  
disappointed. Cute images, and it might be nice as an article, but definitely not worth the cost of a book.  
TotalCrap This book is awful. Waste of money.. Skill 55: using tea bags or crazy berries for ink. Ana Maria  
Spagna must find another vocation, maybe a trade. I felt duped. Fast Shipping, vendor was great. Good book  
for little boys I go through this with my child pretty regularly. It's certainly more for children (no in-depth  
guide). He loves it. Gives it to my kindergarten children to have fun with the drawings which are quite nice  
Junk.HO HUM OK but not great, content could be handled with a list - not making it to the bookshelf. One  
Star Don't waste your money.. Charmingly witty and a must-read for the finish of the . Five Stars Arrived in  
new condition. Charmingly witty and a must-read for the end of the world--and any other pickle you might  
find yourself in.. Will give it to my kindergarten children to have fun with the drawings that is quite nice. No  
true substance here. Disappointed This "book" is truly a list of 100 things (one per page) with a paragraph  
commenting on the perceived value of each listing. I was completely finished with this "publication" in  
about four moments. Save your money in the event that you seek instruction. It isn't given here. Save your  
valuable money for something useful Most useless book on "prepping" or preparing I've ever seen. Skill 69:  
"sitting on the front porch". I cannot believe a publisher also considered this. Or think about likely to an  
office source store and buying 4 dozen pens in a style you like? Skill 24: Daydreaming (boy that'll keep the  
pantry complete). Skill 22: Conversing. And actually, next to each web page with a paragraph that clarifies  
nothing usefull is a pleasant illustration that could or may not go with the topic, therefore the small book  
may be 223 webpages but every other one is definitely an image, not information. Skill 76: Seed Collecting.  
had large hopes because of this book since it was recommended by the Sierra Club I had high hopes for this  
book because it was recommended by the Sierra Golf club. There is absolutely no info on how to perform it  
or how to proceed. How about purchase packets of veggies you like to eat, getting open pollinated ones so  
that you can save the seeds, and then store the seeds that you bought? This is not info on saving seeds from  
open up pollinated vegetables you've grown in your backyard. grass? You're supposed to wander around  
collecting any seed you will discover, to what? Go throw them out in your yard? You would like to grow  
weeds? Does this say how exactly to store seeds? No. Skill 50: Home childbirth. "we can figure out how to  
best bear children in the home". Why?
