Eau de Cologne Imp  These fragrances invoke a mood in which romanticism and mystery are combined, and also have attracted a prestigious clientele which includes royalty and connoisseurs. which has end up being the sensual hallmark of every creation, including the most recent types. Since its founding in 1828, Guerlain has created subtle compositions light years away from basic floral imitations. riale, Jicky, l'At the turn of the century, Aim  a velvety, intoxicating alliance of rose, jasmine, vanilla and tonka bean   Guerlain, the creator of Jicky, composed the well-known magic formula Guerlinade   Heure Bleue, Mitsouko, Shalimar: these immortal classics of the 5th feeling are landmarks in the remarkable history of the House of Guerlain. This is a remember that stirs the feelings and embodies the spirit of a great perfumer and his legend.

I bought mine at a huge discount. This is followed by the final pages (76 through 80) which give a very brief description of what the full-web page photos sandwiched in the centre pages (16 through 72) are about, e. I love it OMG !! A two-page chronology of fragrances dating from 1828 to 1999 are near the end of the publication.! So infomative for a small book, it left me totally satisfied!! Five Stars Great.g. This is followed by full-page photos through most of the remaining booklet. I really like it it left me personally totally satisfied! Hardly any text but great art and photos. fast shipping and delivery AAA+++ A Memoire for the Guerlain buff My 1996 edition of the hardcover "booklet" includes 10 pages of text at the beginning which give a brief background of Guerlain., archive photos, labels, advertisements, etc.Very little text but great art and photos Lovely little picture book of Guerlain perfumes. I would not have been happy paying a high price because of this so I'm uncertain I could recommend it.
