There's water just about everywhere?but you can't drink it. The blazing sun beats down on you mercilessly. You're in the middle of the ocean. • Make an effort to survive only on a small fishing boat stalled off the coast of Maine? Do you want to: • Work to save yourself and others whenever your little airplane crashes at sea? • Battle a fierce storm as a passenger on a chartered sailboat in the Caribbean? How will you stay alive until help reaches you?

We grab well known food and embark on a wonderful adventure The hubby and I use this for lunch time dates. It was just as described and arrived rapidly. She wants to make different alternatives within the books to start to see the various outcomes. This is a great addition to your school library. This is a great addition to our school library. We get our favorite food and embark on a wonderful adventure!! Four Stars I purchased as a gift. The book is small. I had time therefore i just bought a couple more.. Read them all! Thank You for your outstanding service. Great book... I learned so very much from just one single chapter. Great book for children! My 9-year-old son loves these books! We read them in only an afternoon, however they are a great interactive family members activity! Very nice reading! My youngest daughter (age 10) is indeed into these books. What a great book! I loved the reserve. informative and entertaining family activity! Its a fascinating premise for a book, but this is a fail.. Great for kids and fun for adults too.! possibly could never put this book straight down. Also, they are very informative and potentially life-saving. Grandson really enjoyed it! Dull Had higher hopes for a good story. I would give a compliment 5 superstars because. Wish I hadn't wasted my money.
