Ladies & Also contains tasteful pictures illustrating each position. This is Your Bible to Loving each Other! WOW! I possess a New Girlfriend that we shall soon be Married! This book is Great reference! It offers descriptions on how best to perform the position in addition to rates the pleasure of Him and Her for that placement! It even provides difficulty ranking to each position. This is a thick little Hard back again book with in fact color pictures Not Illustrations!?! More of a coffee table publication than helpful guide In searching through this reserve with a female friend of mine, we encountered the page on the girl-on-top Cowgirl placement, which stated "The Cowgirl is the most conducive to feminine orgasms, and several women can only just orgasm in this position. But to cover a book on sex positions, I expect more than what I possibly could find for free in a list on the web." My friend's response is emblematic of the weakness, or at very least missed opportunity, in this book. While the 90 roughly positions are categorized by numerous functions or reasons, it generally feels like an unconnected encyclopedia of positions instead of something to assist you quickly identify and put to use positions to greatly help enrich your like life. For the couples who want to experiment or try something fresh.- Sometimes different sections of a explanation of an individual position will contradict one another. The "Spread Eagle" placement is listed as a 1 out of 5 (lowest) in difficulty, however it also says that it's uncomfortable for guys who may get neck cramps rather than have the ability to stay there lengthy..- Within each section, the positions are shown alphabetically by name, rather than getting arranged in a more logical purchase such as positions that can follow from one another. The chapter on Missionary Positions bounces from lying to standing up to sitting, rather than doing something like displaying which positions a couple can seamlessly transition to from standard missionary to be able to spice things up. Great Has all you could need Great Worked well great for a celebration gift! Decent images with a little bit of how exactly to instructions as well as guide to who gets probably the most out of it, good product. I came back this publication." Her response was golden: "So what, the rest of this book is just for men? Reader be warned, they are LIVE images of sex positions, not really standard cartoon images. Gentlemen. Some issues with the book:- In order to find a position to help meet some type of objective such as for example more clitoral stimulation, you'll have to just go through every position to check out random references to this, there's nothing to guide you through or point you in the proper direction. It has your regular positions. If a position makes it too hard to obtain the basic work done, shouldn't it end up being rated as difficult?. I hope the people I purchased this book for are enjoying it. This will keep the Spice moving in any Relationship!.. For the Couples Who wish to Experiment or Try Something New Good descriptions of each position, how exactly to do them, where to do them, any needed props, difficulty, and just how much each partner will probably enjoy them.. The size of the book is merely adorable. Nothing unique. You will discover better books in amazon about them or just do some searching online free of charge information. only maybe wish it acquired a spiral binding for easier access! Instead there are simply five very basic positions which could have been detailed in any various other section.. If your looking for extra kink and a wide variety of exotic placement keep searching. nice product. Wow Not only does it have a lot of content, but great descriptions, and a genuine picture of each position.- In the final section of "Fifty Shades of Hot" you'd expect to see some spicier / more complex positions. Cool Dope learned new positions! Well worth every penny.. I love the book I love the book, I like the pictures, but I would favour it graphic art instead of actual people and showing more graphic stuff with an increase of details to help knowing how to do the positions. got freaky positions We had never ever seen in my sex life ever Ehhh Kinda gimmicky. You wont find out anything new from this book. Basic

positions, poor photography Nothing unusual, very simple positions...and the "faked" looks of pleasure on the couple's faces during the poses managed to get seem cheap and posed. Overall, this book does the work of showing you many sex positions, so I'll give it 3 stars for getting the essential job done. Get a different Book This book was underwhelming. I hope the people I purchased this book for are . Expected more detail This is the average book, won't change your sex life much. If you're vanilla during intercourse and you like it that way that is your head to.. Another concern is definitely that some positions had been put into multiple types and the pleasure ranking for him and her were different. Poorly arranged and redundant. Perform yourself a great assistance and keep looking :D no one needs a book about factors that they know.
